Reeve West Reports

R. K. West, reeve for 1952, gave an outline of the work accomplished by Council during the year, by the co-operation and good judgment of its members.

Referring to the number of trees removed from the streets during the year, he stated Council was reluctant to see them go but thought it best for all concerned. There were also several culverts installed and streets widened and repaired. The painting of the exterior of the Library, new seats in the theatre and repairs to the boiler were other improvements listed by the Reeve.

In connection with the Fire Department Reeve West stated a joint meeting had been held with officials of Sidney and Rawdon Township relative to reaching an agreement re fire protection for areas surrounding the Village, but while Sidney was interested Rawdon had deferred action. Sidney later made a satisfactory arrangement with Frankford. However, the Council had purchased an auxiliary pumper for the use of the local brigade and while there was some opposition to its purchase he was satisfied it would prove a valuable asset.

A new mower had been purchased for use in the Cemetery, stated Reeve West, who paid tribute to J. Hamilton, caretaker, for a splendid job.

County Requisition

Turning to financial matters the Reeve pointed out that there had been an \$1800 increase in the County requisition and he saw little chance of any relief for the taxpayer. The cost of administering Children's Aid, and the County Home was definitely on the increase.

Referring to the County Assessment of municipalities in the Centre Hastings High School Area, he pointed out that urban assessments had increased greatly while rural areas had been lowered in some cases and only slightly increased in others. He presented a comparative table, showing the percentage of increases, with Stirling occupying second position among the urban areas, while it had the smallest population.

In explanation of the \$11,000 surplus in the general account, Reeve West pointed out that \$6700 of this was due to payment of lot fees by Central Mortgage on the houses which had been sold and the arrears of taxes on the same. Council had no knowledge of this when the 1952 rate was struck. In closing he said he would be glad to serve the village as Reeve in the coming year.

Don Rodgers

Don Rodgers, chairman of the Property Committee, spoke on the purchase of new seats for the theatre at a cost of \$1500, payable out of the theatre account, and at no cost to the taxpayer. He also referred to the purchase of

Fox presided and the special address was delivered by Rev. Bro. H. C. Secker, Rector of St. John's. Bro. Rev. W. H. V. Walker, of St. Andrew's, led in the special prayers. The firm pumper at an approximate cost of \$11,000, and the work of the industrial commission.

J. V. Holt

J. V. Holt, Chairman of the Streets Committee, spoke of the repairs made to the Village Streets and sidewalks. He was against patch work and was always in favour of permanent construction if at all possible, stated Councillor Holt.

Councillors E. G. Bailey and F. Jeffrey also spoke briefly.

H. J. Wells

H. J. Wells, a nominee for the office of Reeve, spoke of the Wartime Housing Project as beneficial to the Village, and said he favoured using the money obtained as lot fees and arrears of taxes on these properties sold to redeem the debentures. He had been assured that the party holding the debenture would surrender the bonds.

Harry Philip

Harry Philip, a nominee for Council, referred to the increased assessment load to be assumed by the business men of the village under the new system of assessing and resultant need of increased business. Farm income had levelled off and steps should be taken to improve public relations between the farmers in the surrounding district and the local merchant in order that all available business should be directed here.

As a means of doing this Mr. Philip suggested that serious consideration be given the parking problem. Various plans had been tried by previous Councils but he thought the right solution had not been found.

C. A. Wells

C. A. Wells stated that while he had always been interested in municipal affairs, it was only recently that regulations permitted a teacher taking office on a municipal body. He had been active in every other worthwhile organization in the community and was willing to serve as a Councillor.

Nominees D. O. Duffin, and Guy Bradshaw also spoke briefly.

School Trustees

Messrs. R. A. Patterson, W. H. Donnan and H. R. Tompkins, retiring trustees spoke on school matters, while Chas. F. Davidson, the other nominee also spoke briefly.

Public Utilities Commissioner

H. C. Bird, public utilities commissioner, announced an increase of hydro rates at the next billing as follows: Residential approximately 18%, Commercial, 14.5%; power 17% or \$22 base per h.p.; street lighting 81%; water heater 15%. A New Year Prayer

O Lord, our heavenly Father, we thank Thee for all Thy gifts so freely bestowed upon us. For life and health, for our home and friends, for peace and safety, for power to work and leisure to rest; for all that enriches thought or ennobles character; for all that is beautiful in creation, or in art, or in the lives of men we praise and magnify Thy holy name. But above all we thank Thee for all our spiritual mercies in Christ Jesus our Lord; for the gift of Thy Holy Spirit; for the means of grace, and for the hope of glory. Fill our hearts with all joy and peace in believing; and help us to show forth Thy praise; not only with our lips but in our lives, through Jesus Christ our Lord. Amen.

"Thomas Crosby IV"

This is the name of one of our United Church Mission Boats which operates on the British Columbia Coast through gifts to the Missionary and Maintenance Fund

Mrs. Campbell, who lives at Ivory Island Lighthouse writes: "No one knows, unless they have lived in these isolated places, how much a visit from our friends on the Thomas Crosby means to us. The children, too, wait and ask the question over again, 'When is the Thomas Crosby coming?' During the stormy weather, when no others call, as well as through the year, the Missionary comes to our rugged island to visit us. They look after our mail and do many kind favours."

Early Days in

Stirling (Rawdon)

Thanks to Dr. Harry W. Mack, of Detroit, Mich., son of the Rev. Henry W. Mack, who was born in Rawdon 1853 we are able to furnish additional information re early persons and well known communities.

On August 28th, 1797 lot 11, Concession one, Rawdon Township, was assigned to John Blacker (Bleeker) and Caleb Gilberts, tenants in common on condition that they erect mills within two years thereon or forfeit it. They evidently complied for crown deeds, issued to John Walden Meyers and John Richard Bleeker March 16th, 1811.

Bleeker was a son-in-law of Meyers having married his daughters, first Catharine and after her death Mary W. Meyers. This John Walden Meyers, of Meyer's Creek, was really the founder of Belleville.

Caleb Gilbert and John Bleeker were Junior and Senior Wardens respectively of the Masonic Lodge in Meyer's Creek (Belleville) when the Lodge was consecrated in 1803. There is no evidence that these men who were United Empire Loyalists actually lived in Stirling.

Rosebush Family

First Residents

There is ground to support the letter of Harry Bettys written May 16th, 1904, that the Rosebush family were the first to settle in the village area. There were ten children in the family of Joseph Rosebush Sr. They married into the Chard, Wiles, Green, Fox and Cummings families. Joseph Rosebush was the first to lease lot 20, concession 9 Sidney. At first they were lumbermen farmers making oak staves and oak stave bolts.

The Rosebush homes were the meeting places for Baptists and Methodists before schools, town halls or churches were erected.

St. John's News

Christmas Day Service was well attended at 10.15 a.m. The Church was beautiful with memorial flowers. Holy Eucharist was celebrated by the Rector, with Robert Secker and Bob Noble as Servers.

The Junior Girls Choir sang, "Sing For Joy," with Barbara Woodbeck taking the solo part. The girls excelled themselves in this difficult piece. The Seniors sang Caleb Simper's "The Heavens Are Telling" with Messers. Jack Chard, Reg. Coombes and the Rector taking the "Andante Pastoral." The Rector spoke on the text of the Prayer of Humble Aches "That we may dwell with Him and He with us."

The Rectory family would like to thank all parishioners and friends for the wonderful gifts and cards received. Best wishes and God's blessing for the New Year.

The Church School Party last Monday was a decided success, with every class making its contribution to the programme. The teachers are to be congratulated on their work in preparing for this event, and all who took part are to be commended.

The Hall was filled with children and parents. Everyone received gifts and many prizes for school work and attendance were given. Santa, of course, made his appearance, greeted all, and helped to dispense the presents and prizes.

Happy New Year Everybody! Let us face this coming year with new hope, new enthusiasm and new resolves. No matter how big or small the problems may be, try and enjoy doing them. Remember the merry heart makes a cheerful countenance which always has a winning way.

We hope our homemaking ideas will bring a kind word or happiness for you during this holiday week-end.

TAKE A TIP

Ideas for the holiday week-end:

1. One pinch of curry powder adds a zip to chicken soup or warmed gravy.

2. Leftover liver sausage may be shaped into balls, rolled in crumbs and browned in fat. Serve in boiled spaghetti heated in tomato soup.

3. Waldorf salad is made by mixing 3 cups shredded cabbage, 2-3 cup diced apple (peel left on), 1/2 cup diced celery and 1 cup mixed walnuts with 1/2 cup boiled dressing.

4. If you have served buttered beets as one vegetable, use the juice to make tomato aspic in place of part of the tomato juice.

5. A good vitamin salad has equal parts of shredded raw beets and carrots and diced celery tossed together with a lemon and oil dressing.

6. A holiday salad uses lime flavored gelatin made tart by substituting 1 tsp. vinegar in place of 1 tsp. water. Chill in a bowl until firm. Beat one minute and then fold cubes of pineapple and shrimp into the whipped jelly.

7. As a special dish for supper, mix raw oysters and coarsely cubed turkey in cream celery soup or cream sauce. Serve on hot split biscuits and canned buttered green beans.

8. Too many desserts during Christmas often calls for a tangy finale at this time. Serve sliced chilled oranges or sectioned grapefruit with maraschino cherries. Another favorite is assorted cheese and crackers.

9. Holiday punch may be quantities of orange, pineapple and cranberry juices with sweet cider. Pour over crushed ice. The garnish may be a few cooked cranberries.

10. Sprinkle potato chips with grated old cheese and pop into a hot oven. Serve hot with cold meats.

11. Roast ham: Stud your holiday ham with peanuts and spread with honey during the last hour of baking.

12. To save space in a range, cook the second vegetable in the roast pan. For instance, heat cooked mashed sweet potatoes in the neck of the roast turkey or place potatoes to bake on the shelf around the roast pan. Heat canned green beans in aluminium foil alongside the roast — or serve cold canned tomatoes.

13. To serve leftover turkey: (a) Cold turkey slices; (b) turkey soup; (c) sandwiches; (d) salad; (e) casserole dishes with cream sauce base. (Do not try to steam or reheat roast fowl without sauce or gravy.)

14. Fruit cake may be cut into neat slices if you use a sharp knife dipped in hot water. To keep cake moist cut the cake through the centre and slice either cut side, then push cake together again and wrap in foil.

15. If you have been given an automatic percolator be sure to start with cold water and allow 15 minutes to make coffee. However, the coffee may be prepared earlier since the heat control will keep it hot without overperking.

16. To make a good caramel syrup:

Heat 1 cup white sugar in a dry heavy frying pan. As the sugar melts it will form lumps which will dissolve in a few minutes if stirred constantly. As it begins to brown, turn heat off and stir until desired color. Remove from heat and carefully pour in 1/2 cup boiling water. Stir over warm element. Store in a covered jar when cool.

17. After-dinner Mints: Soak 1 tablespoon plain gelatin in 1/4 cup cold water for 5 minutes; dissolve over hot water. Pour into a larger bowl and gradually add 3 cups icing sugar until mixture may be kneaded. Divide mixture into 2 or 3 parts, flavor and color as desired with wintergreen, peppermint or cinnamon flavoring. Cut into small circles. (Do not use oil of wintergreen, etc.)

Celebrate 25th Anniversary

On Friday evening, December 26th, Mr. and Mrs. Harold Reid, of Ivanhoe, celebrated the twenty-fifth anniversary of their marriage with a family dinner.

Guests included Mr. and Mrs. C. W. Stevenson, Detroit; Mrs. Carl Rowson, Port Hope; Miss Myrtle Reid, Ottawa; Mr. and Mrs. H. L. Challice, Bethany; Mr. and Mrs. Wm. Reid and Rodger, of Belleville.

Later in the evening a party of about sixty neighbours and relatives arrived to surprise Mr. and Mrs. Reid and offer congratulations on the happy occasion. Mr. Sam Twiddy called the bride and groom of 25 years to the centre of the gathering and offered formal greetings on behalf of the group.

Linda and Paul Reid presented the honoured pair with two beautifully wrapped boxes which contained a lovely silver cream and sugar service and a cheese and cracker dish.

Scouts and Cubs Christmas Party

On December 15th, the Scouts and Wolf Cubs entertained their parents and friends at their Christmas Party held in the High School. There were about two hundred parents and friends in attendance.

The party was opened with a word of welcome by the chairman, Mr. Ross Hermiston, after which the boys took over. A.S.M. Frank Harding gave a talk on the Bronze Arrowhead which is a small badge the boys work for before they can try for the Silver Arrowhead. Tommy Wells was called forward and Mr. Hermiston presented him with the certificate of the Silver Arrowhead Course which Tommy attended and passed at camp last summer. Scout Master Joe Irish pinned the Silver Arrowhead on his patrol colours.

Mr. Bob Patterson led in Carol singing.

ing with Mrs. Carleton Potts at the piano. Kenny Post announced the arrival of Santa Claus when each boy received a bag of candy and a present. Lunch was served by the Scouts, which climaxed the most successful party ever had. The Group Committee and leaders take this opportunity to thank all the boys' parents who helped to put the party across; also the boys who worked on the toys and the Christmas boxes which were enjoyed for Christmas.

We wish all the boys and their parents and the Group Committee a Very Happy New Year. —Hilda Ray, Pearl Irish, Frank Harding and Joe Irish.

Dr. H. A. Boyce Is New Doctor On Tyendinaga

Dr. Harold A. Boyce has been appointed physician to the Tyendinaga Mohawk Indian Reserve at Deseronto. He succeeds Dr. J. B. Willoughby, who has retired because of ill-health.

For Dr. Boyce, the appointment means "coming home." He once held the post as well as a private practice at Deseronto but moved to Kingston in 1948 and into retirement. Now he will devote himself only to medical duties on the reserve under the Indian Welfare Branch.

A well-known Liberal and at one time unsuccessful candidate in the riding, Dr. Boyce sold his practice to Dr. Arthur H. Greenidge, who later went to the North West Territories. The reserve post was taken temporarily by Dr. W. O. Williams, now of Brockville, and later by Dr. Willoughby, formerly of Napanee.

Dr. Boyce is a brother of Mr. S. R. Boyce of this village.

Honoured On Golden Anniversary

An "At Home" was arranged by the daughters of Mr. and Mrs. Arthur Bush, Glen Miller, in honour of their parent's golden wedding anniversary on the afternoon of Wednesday, December 17th. There were 35 people that called and had tea with them at their home. They felt that some people couldn't come in the evening.

Community Party

Relatives, friends and neighbours of Glen Miller and Johnstown held a celebration in honour of Mr. and Mrs. Bush on their golden wedding anniversary at the Club House at Glen Miller on Wednesday evening the same day. The hall was decorated with flags and gold and white streamers. The bride's table was decorated with gold and white streamers also candles and a lovely wedding cake.

Mr. and Mrs. Bush sat beside the table and all of the people paid their respects to the bride and groom of fifty years ago. At this time they had their pictures taken. They are certainly a happy couple even though Mrs. Bush has had to sit in a wheelchair for over 30 years. It does one's heart good to meet such a couple in these days. Relatives galore attended from Stirling and the 4th of Sidney.

The Rev. Puttenham was master of ceremonies and called the gathering to order. Relatives from Stirling district

put on the programme. A small orchestra led with Christmas Carols opening with "O Come All Ye Faithful" and others.

Presentation

A presentation from the nieces and nephews was a lovely basket of gold 'mums and deep pink roses, presented by two little grand nieces and nephews, Beverley Green and Cheryl Utman. Miss Adeline Bush read the address, wishing Mr. and Mrs. Bush many more years of happy married life. The Glen Miller people gave them a lovely tea table, cuff links, tie pin and a brooch. The address was read by Lily Nivison and presented by Gladys Orr.

The Johnstown people had Rev. Puttenham read their address and Mrs. Earl Stickle and Mrs. Ken Stickle presented them with an electric blanket and a box of chocolates.

Mr. Bush thanked the people and said he thought he had told everyone that there were to be no presents at this occasion.

A duet, "A Christmas Story," was sung by Barbara and Bobby Green; Miss Lillian Cunningham gave a reading, "Five Or Six Hundred; trombone and piano duet by Ralph Huffman and Jack Bush; solo, by Rev. Puttenham, "Bless This House," Christmas Magic" by Roy Harry; solo, "Frosty The Snowman," by Cheryl Utman.

Prizes were awarded the eldest lady, Mrs. M. Meyers, 88 years old on Dec.

24rd; eldest man, Mr. Jim Harry, 85 years old; youngest married couple, Mr. and Mrs. Maitland Harder; anyone married on Christmas Day, Mr. Al. Patrick; the fattest lady, Mrs. Van Orr; lucky number on bottom of cup, Mrs. Jack Kane.

Mr. and Mrs. Reuben Walt, Mr. and Mrs. Arthur Bush, and Mr. and Mrs. Will Bush were seated around the bride's table and they had their pictures taken. Grace was sung and the ladies of Glen Miller and Johnstown served a wonderful lunch. Mrs. Douglas Masters moved a vote of thanks to the Johnstown ladies for taking over the celebration at the Club House.

PIGDEN — POLLOCK

Before a background of evergreens and candelabra with white tapers, a lovely Yuletide wedding was solemnized at high noon, on Saturday, December 27th, in Wellman's United Church, by the Rev. R. R. Bonsteel, when Doris Marcella Pollock, of Harold, Ontario, daughter of Mr. and Mrs. W. L. Pollock, became the bride of Allan Raybourne Pigden, of Madoc, Ontario, son of Mr. and Mrs. Arthur Pigden.

The wedding music was rendered by Miss Jean Wallace, of Campbellford, who accompanied the soloist, Miss Maereta Hull, of Lakeside, who sang, "The Lord's Prayer," during the ceremony, and "O Perfect Love," while the register was being signed.

Given in marriage by her father, the bride was radiant in her floor-length bridal gown of white slipper satin with lace inserts, and trimmed with seed pearls. Her shoulder-length veil of embroidered net was held by a coronet encrusted with seed pearls. She carried an arm bouquet of gardenias surrounded by satin petals.

Mrs. Delmore Merrill, of Campbellford, sister of the bride, was matron of honor, wearing a floor-length gown of turquoise embossed organza with matching mitts and halo. She carried a Colonial bouquet of white chrysanthemums and Christmas holly.

Miss Heather Jean Empson, Roslin, was flower girl, attired in a floor-length frock of hollyherry-red silk velvet with bertha collar and matching headress. She carried a nosegay of white 'mums with green satin petals.

Mr. Ted Pigden, of Madoc, brother of the bridegroom, was groomsmen, while Mr. James Pollock, of Harold, brother of the bride, and Mr. Don Campbell, of Eldorado, acted as ushers.

The reception was held at "Springfield Farm," home of the bride's parents. The bride's mother received, wearing navy blue corded rayon, with holly red accessories and corsage of white 'mums. She was assisted by the bridegroom's mother, who was attired in blue crepe with navy accessories, and corsage of white 'mums.

For the wedding trip to New York City, the bride chose as her travelling ensemble, a two-toned brown dress of

worsted tweed, with matching Spencer, bright green accessories, and topcoat of brown muskrat, with corsage of bronze 'mums. Upon their return, Mr. and Mrs. Pigden will reside on the bridegroom's farm, R.R. 2, Madoc.

Out-of-town guests were present from Stirling, Madoc, Campbellford, Trenton, Frankford, Roslin, Peterborough, Lakeside, Oshawa and Toronto.

Previous to her marriage, the bride was the honored guest at showers given by Mrs. Harry Stephens, of Campbellford; Mrs. Harry Francis, of Stirling, and Mrs. Jack Empson, of Roslin.

Annual Bible Festival At St. Paul's

Mr. Wilfred Skitch, of Toronto, conducted the Annual Bible Festival at St. Paul's Church, Stirling, last Sunday night. Master C. Kenneth Rose, of the Riverside School was awarded the silver cup open to a resident of the Township of Sidney or Rawdon. Miss Donna L. Carlisle, of St. Paul's was awarded the village trophy. Only one point separated the winners from the runners up, Dale Hubel, of Glen Ross Public School and Sally Fox of Stirling Public School respectively in each class.

The work of the pupils in the Religious Education Examinations of the River Valley, Riverside, Glen Ross and Ridge Road Schools was on display.

Misses Mary Ellen and Fairlie Warren sang a quaint carol, "Rocking." Miss Joanne Heasman's voice of promise was heard in "We Three Kings of Orient Are." The Books of the Bible were faultlessly recited by Miss Janice Brooks of Grace Chapel, Stirling.

Hottest Contest In Years Results In Election of Three New Councillors

C. A. Wells Heads Poll In Large Vote — Three School Trustees Returned

Some six hundred and two electors of this village went to the polls Monday and when one of the hottest contests for some years was over, they had elected three new councillors, Messrs. C. A. Wells, H. Philp and Guy Bradshaw, and re-elected only one of last year's council, E. G. Bailey.

School Trustees Returned

In the election for three school trustees, Messrs. R. A. Patterson, W. H. Donnan and H. R. Tompkins were returned to office for a two-year term. Patterson headed the poll with 495 votes followed by Tompkins with 384 and Donnan with 378. Chas. F. Davidson, the defeated contestant polled 389 votes.

Reeve R. K. West and Public Utilities Commissioner H. C. Bird had previously been elected by acclamation.

This year's vote was topped by the contest for Council only in 1950 when 605 electors voted. Taking into consideration the eligible voters from Rawdon and Sidney for the Public School Trustees, approximately 76 per cent of the voters exercised their franchise.

Wells Heads Poll

Councillor C. A. Wells headed the poll with 415 votes and was followed by Councillor E. G. Bailey with 409 votes. Large And Enthusiastic Crowd In Attendance — Moccasin Dancing Enjoyed

One of the jolliest events of the Festive Season was the Community Skating Party sponsored by the Stirling Legion on the occasion of the opening of the Skating Rink for the current season.

A happy crowd of close to three hundred children and young people together with a scattering of grown-ups, thoroughly enjoyed the first skating of the season on the excellent sheet of ice.

The distribution of free hats, balloons and tooters added a touch of hilarity and helped to make it a real party.

A novel arrangement whereby a portion of the ice was roped off for the use of the very young proved a boon to parents who were introducing their youngsters to the ice for the first time, and was not without its entertaining aspect as well.

Later this portion of the ice surface was used for moccasin dancing and proved an enjoyable innovation. Spot prizes donated by Mrs. A. Stevenson, Earl Johnson, Major Fraser and X. P. Mayhew were won by Jim Unishe, Eddie Mayhew, Howard Myers and June Wright. Excellent music was provided over the P.A. system newly installed by members of the Legion.

The Legion Rink Committee wish to express their gratitude to the many donors of material and time and to all others who helped to have the rink in shape for such a successful opening.

Mixed Fertilizers Go Back A Century

The use of barnyard manure is as old as agriculture itself. Its value was known to the Romans, and a tenth century text-book indicates that the Arabs too were acquainted with its properties and with the value of soil composts. Old text books also give much information about such substances as waste wool, bones, wood ashes, and fish refuse for fertilization.

Early in the nineteenth century, chemists and botanists began studying the phenomena of plant growth and by 1844 had shown that all the substances used for manure fall into groups containing one or more of the elements, nitrogen, phosphorus, potassium, organic matter and lime.

The first three of these could be made from materials not previously drawn upon by farmers, and could be manufactured into products easy to transport and handle on the farm. They became known as artificial fertilizers, or as more commonly known today — commercial fertilizers.

The study of both plant growth and soil fertilization has made great strides since those first fundamental studies in 1800. But when in 1843, J. B. Lawes, of Rothamsted, England, established the first fertilizer factory and demonstrated their value, he set the stage for improved agricultural production in Europe, particularly in England, France and Germany, which played its part in providing foodstuffs for the rapidly increasing population. Since that time the use of commercial fertilizers has extended to almost all parts of the world.

Were you surprised to receive the Jan. 1st, issue of the U.C. Observer? The St. Paul's and Carmel Sunday Schools plan to send one church paper to every church family in 1953. It is in accordance with the action of the General Council of the Church. It will cost the Sunday School one dollar per family per year. One condition of the plan is that the paper must be sent to every church family reported in the church Year Book. If you receive the paper and cannot find time to read it, please send it to a friend or some institution or reading room.

The Sunday School has not made any appeal to finance the project. It is possible that some recipients will make a special gift to the Sunday School to help cover the cost? The Carmel S.S. has made a complete coverage of every family, including adherents. It is bound to justify the vision of the S.S. officers in making this generous distribution.

To help offset the cost the Onward, Canadian Boy and Canadian Girl will be discontinued. A saving will also be affected by the discontinuance of pupils monthly lesson books in all intermediate and senior grades. A special lesson leaflet will be used instead.

The whole plan is experimental for 1953. Please plan to send your comments to the Supt., Mr. Harold Hagerman, after you have been receiving the paper for at least nine months.

Birthday Barrel

The Carmel Sunday School adopted the Birthday Barrel plan last Sunday. St. Paul's has been using one for several years. The plan is for each Sunday School pupil or officer to give one cent for each year of their life in a special gift on the Sunday following the birthday. The school then sings a "Happy Birthday" to the donor.

Correction Cross and Crown

Third year bars were awarded at Carmel to Frank, Billie and Jackie Bailey, Sandra Hagerman and Margaret Brooks rather than second year wreaths as previously reported. Dorothy Johnston also received her gold pin.

1953 Weekly Envelopes

It is gratifying to see so many promptly using their weekly envelopes. The value of the system is dependent largely upon its regular use. Plan to use these envelopes and set aside a generous gift for the Lord's work each week whether able to attend or otherwise. There are no pledged subscribers at St. Paul's-Carmel. Each person is kindly invited to his best.

Going to Work

One of the first things a young man or woman should do who accepts employment is to ask the church envelope steward for a box of weekly envelopes.

Red Pockets

The attention of all envelope users is called to the red pocket options in 1953. All gifts not specifically designated will go to the Missionary and Maintenance Fund. The new type of envelopes is issued under authority of a congregational meeting.

1953 Festival Syllabus

The Syllabus of the Stirling Festival of Sacred Praise is now in print. Copies may be obtained from the Secretary, Mrs. Walter T. Elliott. The Festival will be held on Monday, June 1st. Plan to have your church represented in as many classes as possible. There are no denominational or sectarian barriers.

"An Old Saying"

In the days of itinerant Methodism, it used to be said of a new minister: "The first year, they idolize him; the second year they scrutinize him; the third year, they criticize him and the fourth year, they scandalize him". As we enter our fourth year, we can anticipate the blasts of those who are the survivors of a rapidly disappearing attitude toward ministers.

A Loyal Church Member

A Missionary and Maintenance service order says:

A Loyal Church Member

1. Will:
- 1—Make it a habit to attend church services regularly.
- 2—Make an earnest effort toward consistency of life at home and in public.
- 3—Participate actively in the work of the church where he can best serve.
- 4—Make a definite contribution to the maintenance of the church and to benevolences.
- 5—Take his church letter with him when he moves, and unite with the church of his choice.
- 6—Put the claims of business or pleasure before the claims of his church.
- 7—Critique the work being done and those who are doing the work.
- 8—Claim that the church should carry his name on the roll, but that he must not be asked to carry any responsibility for the work of the church.
- 9—Pay his club dues before his church pledge.
- 10—Leave his church letter "back home" or discount his privileges as a church member.

Weekly Quiz

It is planned to answer one question each Sunday between now and Palm Sunday, March 29th to encourage a wider interest in the Bible. The question for next Sunday (1) What father and son were circumcised the same day? (2) What woman hid two spies among stalks of flax?

Easter Music

Through an anonymous donation of

fifty dollars for the purpose, the choir leader has been able to secure 36 copies of "The Seven Words of Christ". It is hoped to prepare this outstanding composition by Dunelm for Palm Sunday evening.

All choristers are invited who desire to share in this presentation to attend regular rehearsals each Thursday at St. Paul's at 7.30 p.m. Lovers of Sacred Praise are welcome without obligation save that they use the training to further assist their own congregations. A wide range of anthem study will be made in addition to the cantata.

Festival Music

Copies of various compositions can be obtained from the secretary, Mrs. Walter T. Elliott or at the paragonage. Please secure your music early to avoid disappointment. April 20th is the closing date for all entries.

Sparks from the Pulpit

Speaking of Grimm's "Cinderella", the minister said of the wicked sisters, "As their hearts became good, their faces became beautiful".

Keep an eye on the goal in 1953. It is not enough to be good, one must be good for something worth being good for.

Make 1953 a year of direction not of drift.

Many houses are not homes — Make your house a home.

The church is a fellowship of workers and worshippers, who are friends of God. Its hand is outstretched in invitation to the whosoever.

A farmer has called our attention to the absence of a specific reference to "farmers" in enumerating various types who might well plan their year. Thank you. Yes everyone should plan with an eye on the goal and notable the "Farmer".

Cross and Crown

At St. Paul's the following recognitions were made of faithful attendance at church Sunday morning. These are not rewards, they are recognitions. 1, 2 and 3 years — Volney Richardson, Grant Richardson, Miss Adeline Bush, Mrs. H. Donnan; 6th year Bar — Mrs. Geo. Carlisle; 1 and 2nd years — Arthur Morrison, Dale Hubel; 3rd year Bars — Marlene, Donna, Ralph and Ross Carlisle, Thomas Wells, Mrs. Russell Stapley, Rose Ann Vandervoort; 2nd year wreaths, Meighen Rodgers, Wendy Warren, Jean Ann Mayhew, Joanne and Grace Heasman, Sandra West; 1st year gold pin, Fairlie and Mary Ellen Warren and Jack Bush.

S.S. Birthdays

The Sunday Schools recognized the following January birthdays last Sunday, Rev. A. E. Baker, Grace Heasman, Billy West, Thomas Wells.

Stirling Library

Founded by the Women's Christian Temperance Union the Stirling Library secured a permanent building through a gift of Mr. Andrew Carnegie. An article in a recent issue of Saturday Night says that Mr. Carnegie gave away \$5,136,000 to provide 2500 libraries around the world. 125 were in Canada, erected at a cost of 2,557,000. It is said that less than one third of these libraries bear his name. Could this be possible in Stirling?

Large Gifts

Before his death in 1919, Mr. Carnegie made public gifts of 333 millions and since his death, his benefactions have been more than double that amount. His wise provision for Endowment or Trust funds, of which only the interest can be spent, has made this possible. The good work continues in the interest of helpful ministries through a dozen separate trusts in the United States and the United Kingdom. It is said Canada has received in all about fourteen million dollars to date.

How Shall We Mark Coronation

A suggestion is made that the Horticultural Society, Village Council and Board of Education explore the possibility of Corporation wide tree planting under expert guidance to mark the Coronation of Queen Elizabeth. Patriotic citizens would likely each donate a tree or some better plan might be made to underwrite the cost.

FORD PASSENGER CAR FOR 1953

Sensitive electronic instruments recorded an 80 per cent reduction in road shock under rough travel conditions as the result of a major ride improvement programme carried out by engineers desigulng the new Ford passenger cars for 1953. The cars, such as the Custom Fordor shown above, had their first public showings at Ford-

Monarch dealerships across Canada on Friday, December 12th. Exterior styling changes include a new grille featuring a projectile-type centre spinner with horizontal bar which extends the full width of the car and, like the massive bumper, wraps to the front wheel openings at either side. A new chrome moulding runs through the centre of the rear fender line, accentuating the car's length. Tail lights are redesigned to provide a larger signal area. Special emphasis has been placed on the development of a fresh new range of upholstery and trim, and the instrument panel has been restyled as an additional accent feature.

The many friends of Mr. John McCurdy will be sorry to learn of his recent experience with two thugs.

Mr. McCurdy operates a service station at Laura, Sask., and late in the evening the thugs entered the station, threw him on the floor, bound his eyes and mouth with adhesive tape and stole about \$40.00, an electric

toaster and a valuable gold watch from his pocket. They left him tied to his bed with clothing.

Police were notified and the thugs were captured and in Police Court were sentenced to 18 months in jail by Magistrate Gilding.

The watch has been recovered, the toaster was smashed and most of the money had been spent.

STIRLING RADIO AND TELEVISION SERVICE — PHONE 2001

Hello Homemakers At this time of year every homemaker always has a dream home in mind. Since January is the month of reckoning it should prick our conscience to the point of writing 1953 expenses in a budget book. Many banks, agricultural offices, hydro offices have account books and offer their services to illustrate a preliminary set-up. Before you see them, list the information that will plan expenditures and savings — taxes, income, insurance, telephone, electricity, etc. Now, set your goal for a 10 per cent saving. If you can't manage it, keep trying.

The aim of the household budget is considering the recourse of any purchase, especially if there are children of young ages. We have often heard a mother say: do we need it and if so how much can we afford to pay for it? In addition to the dollars and cents value we must consider comfort, convenience, durability and usefulness.

To those who plan a budget you may wish to review these points of buyman-ship.

1. Tackle the job with confidence and determination.
2. Consult authorities before shopping.
3. Decide in advance whether cash and credit terms can be advanced.
4. Deal with reputable merchants.
5. Learn how to recognize genuine bargains.
6. Read the labels and ask for the facts.
7. Choose according to your needs for a 5 to 10 year term.
8. Select modern equipment that increases efficiency.
9. Fit purchases into your mode of living.
10. Purchase with the intention of keeping the article.
11. Follow directions on the label carefully and make any report or returns promptly.

All the above principles can be applied to most items purchased for clothing, furnishings and equipment. Now, if we are saving for this part of the budget we should try to reduce food costs. To do this:

Learn how to choose the least expensive foods to make up an adequate diet.

Never waste food through over-buying, careless cooking, overserving or improper storage.

Plan to grow garden produce and preserve a surplus for winter use.

Eat meals at home or carry a lunch. Serve plain, tasty food for company.

Take a Tip

1. If you want automatically controlled heat, install a heat regulator. It will save you steps and money and at the same time keep your home at an even temperature. Too much heat is wasted by leaving the draft door open too long. Remember that wasted heat means wasted fuel.
2. Do not "fiddle" with a thermostat. It is a delicate mechanism which can be easily put out of order. Then too, be sure to call in expert assistance if anything goes wrong with the regulator.
3. Water pipes that are not frozen solid can be thawed this way: Turn the faucets upside down using a cloth under the pliers, then pour in a gallon of boiling water containing as much salt as will dissolve in it.
4. When glassware develops nicks on the edges, rub them smooth again with fine sandpaper.
5. Replace colored lamps in lighting fixtures that serve no special purpose. They greatly lessen the amount of light you should get.
7. When making long-distance telephone calls, place an egg-timer or minute minder near-by that will

warn you exactly when the period of three minutes is ended.

Says After Care Vital Necessity For Mentally Ill

Much sympathy and practical aid is available for the rehabilitation of the physically handicapped but the common fear of the mentally handicapped makes an added difficulty in their re-establishment.

This view is expressed by Dr. G. H. Stevenson, Medical Superintendent, Ontario Hospital, London, writing on "Rehabilitation of the Mentally Ill" in a special issue of the Ontario Medical Review planned and published by the Ontario Hospitals Division of the Ontario Department of Health.

"It is being increasingly recognized that the responsibility of the hospital should not end when the patient is taken to his home, but rather that a new treatment facility of the hospital needs to be organized for the post-hospital convalescence and rehabilitation of the patient," Dr. Stevenson writes.

He remarks that the high re-admission rate to mental hospitals — about 30 per cent of all admissions — is an indication of this need. He stresses the need for the closest liaison between the discharged patient's family physician and the mental hospital's after-care or rehabilitation department.

He relates how the Ontario Department of Health, by its support and encouragement, made possible the organization of a rehabilitation team at the Ontario Hospital, London, in September, 1949. This is known as the After-Care Department and consists of a staff of three social workers, four nurses with psychiatric and public health nursing experience and two psychologists. In addition, the After-Care Department is supervised by a psychiatric social worker.

At present, the hospital psychiatrists serve as consultants to the After-Care Department but the plan is to add a part-time or full-time psychiatrist as a member of the team, as well as occu-

pational therapists and employment officers.

Dr. Stevenson says that now all the Ontario Hospitals are following suit and are developing after-care departments so that patients in all parts of the Province may have the benefit of this rehabilitation agency.

Film On Prairie Wheat

The high quality and outstanding characteristics of Canadian wheat did not happen by accident, nor were they overnight successes. Years of experimenting, testing, cross-breeding and careful observation were necessary, many of them fraught with failures and frustrations, before the acceptable types were found and made available to the farmers.

The story of this extensive and continued work is told in the Canada Department of Agriculture's new motion picture, "Western Wheat." The 30-minute, 16mm colour film, produced by the National Film Board with the same production crew that made last year's multiple prize winner, "Milk-Made," takes its audiences backstage in the story of prairie wheat. It tells the story behind the wheat of today, from the farmer to the scientist, and even

goes on a brief trip with the wheat from field to golden loaf of bread.

"Western Wheat" got its first showing at the Royal Agricultural Winter Fair in Toronto on November 14th. Eventually it will become available for special screenings, public and private. For information, contact the nearest office of the National Film Board, or Information Service, Department of Agriculture, Ottawa.

More People Needed

People create jobs. Where there are no people there can be no jobs.

In a country like Canada where there are great undeveloped resources to work on, the more people we have the more jobs there will be.

With our present population we are doing fairly well. In fact we are making a better living than the people of most countries.

Still we haven't enough people to defend our shores or to defend the trade routes that are necessary to our prosperity.

We should be strong enough to have a voice in world affairs proportionate to the value of the territory we have to guard.

But all the voice we have or are likely to have is in proportion to our military strength.

We need enough people to develop our country and to defend it.

In no other way can we hope to retain our country, our freedom, or our self-respect.

Hockey Notes

Stirling T.V.L. entry lost a close decision to Frankford by a score of 4 to 3 at the local arena on Monday night. The locals led 2-0 at one stage of the game but faded before a determined drive by the visitors in the latter stages of the game.

Wellington Wins

On Friday night last the Wellington squad won a close game from the local T.V.L. team by a score of 2 to 1, which proved to be the best game of the season to date.

Juveniles Win

On Thursday night at the local arena Stirling Juveniles defeated Madoc by a score of 3-0.

Stirling W.I. Card Party

Stirling Women's Institute Card Party was held in the Community Hall on Monday evening. Owing to numerous activities in the village and weather conditions, the attendance wasn't as large as usual with only 7 tables being played.

The winners were as follows: Ladies' high, Mrs. Sam Kirky, solid base floral water glasses; Men's high, which was played by a lady, went to Mrs. Percy Utman, 3-piece pen and pencil set; ladies' low, a crocheted doily was won by Mrs. Herb Stewart; gent's low, a handkerchief, was Mr. Geo. Scales' prize.

Lunch was served which consisted of venison, salmon and egg sandwiches, celery, pickles, olives, variety cut cakes and coffee. The committee in charge of this card party were Mrs. W. H. Cooke, Mrs. S. McMurray, Mrs. W. C. West and Mrs. P. Bronson.

Mrs. Clayton Tummon Hostess To St. Andrew's Missionary Society

The January meeting of the W.M.S. was held on Tuesday at the home of Mrs. Clayton Tummon. The President, Mrs. Louis Rodgers, opened the meeting with hymn, "Courage Brother do not stumble," followed by the Scripture from 1st Chapter of Joshua, read by Mrs. Williams. Mrs. Don Fargely led in prayer. The key word for the roll call was "Courage."

Mrs. Harper Rollins gave a report on the Presbyterial held on Monday in Belleville. She mentioned the reports of all branches of the work, each officer commending the societies for their steadfast work. A Presbyterial Rally is to be held in Picton on June 16th.

Fees were paid by members and the offering dedicated by the singing of the Doxology.

Mrs. Tummon presided over a very interesting programme, opening with hymn, "My Faith Looks Up To Thee." Mrs. Williams gave a brief review of the Glad Tidings for January. This is a splendid number showing the great work done by the W.M.S. throughout the Dominion in 1952.

Mrs. Hermiston read from a current magazine twelve rules for making January a better month:

- (1) Learn how to close the gate — How to forget is just as important as how to remember.
- (2) Forgive old grudges — Loosen up your pride and make a bow toward the person who did you wrong.
- (3) Be charitable — Help the community spirit by your charitableness.
- (4) Be a good listener — The way to be interesting to others is to be interested in others.
- (5) Cultivate circles of conversation — Children who are encouraged to talk with their parents are not so likely to talk back to them.
- (6) Show creative appreciation — Look for the best in others until you bring out their best.
- (7) Mind your manners — Pray for grace to do the right thing, in the right way.
- (8) Put yourself out for others —

R. A. Patterson Board Chairman

Public School Board Is Reorganized At Meeting Held On Monday Night

Robert A. Patterson was re-elected chairman of the Stirling Public School Board at the reorganization meeting on Monday night.

In the absence of R. W. Melkielejohn, Secretary-Treasurer, H. R. Tompkins was appointed secretary pro tem. In his inaugural address, Chairman Patterson thanked the members for his re-appointment to the office and asked for the same co-operation as in the past year.

The other officers and committees appointed are as follows:

Vice-Chairman — W. H. Donnan
Secretary-Treasurer — R. W. Melkielejohn at a salary of \$300.00
Finance Committee — E. D. Ketcheson, W. H. Donnan and R. E. Fox
Property Committee — R. E. Fox and W. H. Donnan
Teachers' Committee — H. R. Tompkins, Dr. E. A. Carleton and E. D. Ketcheson.

School Attendance Officer — S. W. Eggleton.

It was decided that the regular meetings of the Board would be on the last Monday of each month.

Accident Insurance

The question of accident insurance covering the pupils of the school was discussed at length and the chairman of finance was authorized to have it included in the Liability Insurance now carried.

A request from Mrs. Don Rodgers on behalf of the Girl Guides for use of the school auditorium for a meeting was granted.

The following accounts were passed for payment: F. R. Armstrong & Son, \$28.05; Hatton's Hardware, \$42.90; Imperial Oil, \$196.65; Moyer School Supplies, \$67.11.

Passes Exams

C. B. Rollins, who formerly operated a barber business in the village, was successful in passing the examination now required for the renewal of his barber's license in Belleville this week.

Go out of your way to speak to someone you do not like. Do a generous deed and sow a seed of gladness where there is none.

(9) Think positively — nothing is ever as difficult as it seems.

(10) Revive your tastes — Cultivate a love of nature, beauty, truth and goodness.

(11) Keep on the growing edge of life — Learn a new word a day, Read a new book. Become more familiar with the Bible.

(12) Get the lift of a large outlook — We need a Higher Power to lift us out of our littleness and to love us out of our pettiness. January and all the year will be better if we take time out to take eternity in.

Mrs. Tummon gave a splendid New Year address entitled, "Highway 53." Comparing our journey through the year to a trip by car, she brought out the necessary things for a safe trip.

First we need a Guide — The Holy Bible — We must know the Bible and heed the rules of living given in it. It has been said if we read three chapters each day and five on Sunday that we can read the whole Bible in 1953. Psalm 119 tells us how God's laws will guide us. The Bible can laws will guide us. The Bible can laws will guide us. The Bible can laws will guide us.

S. M. Nicolson and Mrs. M. Stickle To Head Sidney Township Liberals

S. M. Nicolson and Mrs. M. Stickle were elected presidents of their respective bodies at an organization meeting of the Sidney Liberal Association held at the spacious home of Frank S. Follwell, M.P. for South Hastings, and Mrs. Follwell, near Halloway on Thursday evening of last week.

There were forty in attendance and considerable business was transacted before the women, under the supervision of the hostess, served refreshments. Following the lunch a social hour was spent and short addresses were given by George Pound, Charles Leltman, formerly of Western Canada

and Claude D. Tice.

Mr. Follwell presided over the elections of each body, the women meeting in the living room and the men in the den. Mrs. M. Stickle was the unanimous choice of the women to head their organization, while Mrs. Gerald Herrington was elected vice-president. The question of secretary-treasurer was left in abeyance for the time being.

In the men's section, Sam N. Nicolson was unanimously selected as president with Harold E. Little as first vice president, Harold Chambers as second

vice-president and Gerald Herrington as secretary-treasurer. A general meeting will be held in the near future at which time ward chairmen, both men and women, will be held. Meeting will be held in the near future throughout the township in order that all may become acquainted with the work in hand.

The meeting was most enthusiastic and a considerable amount of spadework was accomplished.

St. John's News

Theological Education Sunday is on January 26th, which is also the festival of the Conversion of St. Paul. We are expected to give some thought to the great need for clergy and their proper training. Any contributions will be welcome and will be used in the college from which the different Rectors graduated. Let us try and influence some young people towards a career as clergy or missionary.

There will be held in the Cathedral, Kingston, May 31st, at 7 p.m., a Festival Thanksgiving Service to honour the Queen who is to be crowned on June 1st. The Lord Bishop has given his consent for the cancellation of all evening services that day so as to enable all clergy and people to attend. The choir from the diocese will be massed and special music will be sung, led by the Cathedral Choir, which is internationally famous.

Notice of this event has come from the Dean who is the Bishop's Commissary, while he is away in England.

It may also be of interest to church people, and others, that the Venerable J. H. H. Coleman, Archdeacon of Frontenac has been an ordained Priest of the church for nearly sixty years. This grand old man of the church has spent his whole ministry in this diocese. On Monday, March 9th, the

Clergy will meet in conference with Dean Sidney Jellicoe of Bishop's University, Lennoxville and while there a presentation will be made to the Archdeacon, who was once Rector of this Parish.

All those desirous of Confirmation please see the Rector. Attendance at church services is one requirement as well as the weekly classes which will begin in Lent, and will be held in conjunction with the Lenten services.

Soloist Sunday was Mrs. B. Woodbeck who sang, "Gesu Bambino." The Junior Girls Choir sang "Loving Shepherd of Thy Sheep," by Jane E. Leeson, to the tune "Haven." Marjorie McArthur sang the solo part.

St. John's Ladies' Guild

St. John's Ladies Guild at the annual meeting recently heard with great pleasure favourable reports presented by the officers. Mrs. McMurray, President, opened with the Guild Prayer and a hymn was sung. The Secretary, Mrs. Gravers, reported a full year's activities and read appreciations for flowers and Christmas gifts.

Mrs. Edgar Morrow, Treasurer, gave a detailed report, showing that \$500.00 had been raised during the year. Gifts had been given to the Bible Society, the Junior Choir, and there was a favourable balance on hand. For a small group of active members the report was well received. The Rector congratulated the Guild for its splendid work.

The retiring president thanked all members for their loyal co-operation and called on the Rector to preside at the election of officers. The new slate of officers are as follows:

President — Mrs. Burton Woodbeck
Vice-Pres. — Mrs. Earl Morrow
Secretary — Mrs. W. Gravers
Treasurer — Mrs. Edgar Morrow

It was decided that the executive be in charge of all buying, that Mrs. McMurray and Mrs. H. Cooke be in charge of quilts. Business meetings will be held once a month, at which there will be a programme. The other meetings will be work meetings.

The Rector closed with the benediction and refreshments were served.

Bible Society Acknowledgment

The following letter from the Upper Canada Bible Society was received by Mrs. Nora Westcott:

Dear Friend:
We acknowledge with thanks your remittance for \$122.20 being contributions from your local Branch. We enclose official receipt herewith.

Kindly convey to your Officers, Collectors and Members our sincere appreciation of their practical assistance in the great work of circulating the Scriptures through the British and Foreign Bible Society.

Christmas Greetings From Ireland

On Friday, January 2nd, Mrs. Percy MacMullen received Christmas Greetings from the Prime Minister and Viscountess Brookeborough, of Colebrooke, Northern Ireland. Mrs. Brooke sent best wishes to all the Institute friends in this district. On the card was an engraved picture of Lady Cynthia Brooke, her husband, the Prime Minister, their granddaughter Julianne Brooke and T.R.H. Duke and Duchess of Gloucester, as the latter visited Colebrooke in 1952.

Madoc Jr. Farmer Among Top Five

At the Annual Junior Farmer Conference held in Crystal Ball Room, at the King Edward Hotel, Toronto, on Tuesday, January 6th, Don McKinnon, Madoc, R.R. 2, was picked as one of the top five public speakers in the Junior Farmer Competition for the Province of Ontario.

In the Provincial Junior Farmer Public Speaking Competition, held in conjunction with the Conference, there were twenty-four contestants, representing Counties and Districts in Ontario. The five speakers picked from the twenty-four contestants went into the finals held at the evening session. Mac Logan, of Oxford County was declared the winner, with as his talk, "The St. Lawrence Sea-Way Project." Don McKinnon, President of the Madoc Junior Farmers and winner of the Hastings Junior Farmer Public Speaking Competition chose as his topic, "Take Time." In developing his talk, he mentioned that in our trend of modern living, we do not take time to enjoy the simple courtesies and pleasures that make for a fuller life. In commenting on the five finalists,

Rev. W. A. Young, Padre of the Ontario Agricultural College, and Chairman of the panel of judges, stated that the speeches were of a very high quality. Twenty-seven Juniors from Hastings County attended the one-day Conference.

The theme of the Conference this year was, "Understanding Ourselves and Others."

Wellman's W.A.

The January meeting of the Women's Association of Wellman's was held at the home of Mrs. Lindsay Pollock on Tuesday, January 6th, with ten members in attendance.

Mrs. Kenneth Tompkins, 2nd Vice-Pres., presided over the meeting. The Scripture Lesson was read by Mrs. John Carlisle. Hymn "For Thy Mercy and Thy Grace," was sung with Mrs. Douglas Clancy presiding at the piano, after which all repeated the Lord's Prayer. The minutes read by Mrs. George Watson, were adopted as read. A card of thanks was read from Mrs. Byron Seeley. Mrs. John Carlisle gave a favourable report on the collecting of \$1.00 from each family in connection with the funds for the Training School to be built in Toronto. Mrs. Burton Morton gave the report on the Mission

Band and Baby Band and requested that the W.M.S. members become Honorary members of the Mission Band. It was moved and seconded that Mrs. Burton Morton continue as leader of the Mission Band and that Mrs. Carman Nix as assistant. Mrs. Chas. Dunham was put in charge of sending for the Missionary Monthly for 1953. Mrs. John Carlisle was appointed to oversee and make out a report of the April meeting in connection with Christian Stewardship.

Mrs. Douglas Clancy gave a very interesting paper on "Thoughts Pertaining to the New Year." She stressed the fact that with none of us knowing what lies ahead of us at the beginning of the year, we shouldn't worry or arrive at conclusions ahead of time, but face the facts as they come in a quiet and willful manner. In so doing we will bring another year to us successful or probably better conclusion than the past one.

Mrs. Geo. Watson and Mrs. Lindsay Pollock each gave readings pertaining to the New Year. Mrs. John Carlisle conducted a Bible contest. The meeting closed with the Hymn, "Standing at the Portal," followed by the Mizpah Benediction. The collection was taken by Mrs. Tompkins after which the hostess and assistants served a very delicious lunch.

The question to be answered next Sunday: "What was the name of the mother who hid her baby for three months?"

Annual Meetings

The Carmel congregational meeting will be held on Friday, January 16th, with pot luck supper at 7:00 p.m.

The St. Paul's Congregational will be held on January 28th.

A joint Official Board meeting of Carmel and St. Paul's will be held on Wednesday, January 21st to meet Presbytery delegates appointed to enquire into the state of the work.

Congratulations

To Mr. and Mrs. Geo. Heasman on the birth of a son, Jan. 3rd, 1953. This is our first arrival on the Pastoral Charge for 1953.

"Christ in Christmas"

The C.F.M.T.A. News Bulletin commends the students of Mount St. Vincent College, Halifax, for launching this campaign. It is spreading westward like a prairie fire. A six point programme was advocated for Christmas 1952: (1) Prepare by prayer for His coming to you; (2) Buy and send only greeting cards which depict some aspect of the Nativity of our Lord; (3) Place a Christmas crib in your home — under the Christmas tree; (4) Tell the children the wonderful story of the coming of the Christ child; (5) Teach the religious carols to all the family and sing them often together; (6) Share with others some of the good things God has given to you.

Early C. of E. Records

Lieut. E. G. Sims, Registrar of the Diocese of Ontario, Kingston, in response to an enquiry writes: "The earliest record of Rawdon that I have been able to find is a register of Baptisms, Marriages and Burials, which is marked "Stirling and Rawdon, Huntingdon and Hungerford," 1852-1853. It consists of four sheets of ruled foolscap, the entries very closely written and apparently copied from some other source — possibly a note-book that could have been carried in one's pocket. All entries are signed F. T. S. Groves, Travelling Missionary in Hastings. One page contains the names and ages of persons confirmed by the Lord Bishop of Toronto at the Village of Stirling, July 31st, 1852.

Stewards Election

The following Stewards have been designated as Life Stewards having ten years consecutive service and being members of the committee when the congregation thus honoured them: R. A. Patterson, Carleton G. Wright, J. E. Munro, Gilbert Thompson, C. A. Wells, John Kane, Walter T. Elliott, Harold J. Wells.

Since R. A. Patterson and Walter T. Elliott have been elected as Elders they have ceased to be active Stewards in accordance with the tradition that wherever possible members shall not serve on both the Session and Stewards.

Here follows the names of the other members of the Committee of Stewards with the date of their first election to office: Guy Bradshaw, Harold Bird, 1947; Dr. Wm. Cornett, Frank Wood, Gordon Bailey, 1949; Mrs. W. T. Elliott, Mrs. C. E. Macklin, Gerald Brooks, 1950; C. West, Dr. Vandervoort, E. D. Ketcheson, Wm. Wilkins, Ed. Heasman, R. H. Philp, G. E. Warren, 1951. Since his election as a Steward G. E. Warren has been elected to the office of Elder.

The Stirling Congregational Meeting which will begin with a pot luck supper will likely designate the terms of office of the foregoing Stewards as well as fill any vacancies.

Since all Elders are elected for life and there are no vacancies it is not expected that any election will be held for this office.

Who's Who!

After seventy-seven years since he first crossed the threshold of the new school at Beulah a Stirling Octogenarian revisited it last week to receive a cordial welcome from a class of 42 pupils and their devoted teacher, Miss Wright. It was thrilling to hear him in a few well chosen words address the class in terms of encouragement and endeavour and with a brevity that would put many a younger man to shame.

This veteran is second to Mr. Mark Carlisle in length of residence on the Town Line having 66 years to his credit before retiring to Stirling six years ago.

Horse and Wagon Days

For a quarter of a century he served as a School Trustee but will be better remembered as the man who forded the Trent. Upwards of a score of times he drove his faithful team "Maude and Lady" across the ford at Chisholm's Rapids where he was engaged in hauling materials for the Canal, bridge and railway construction (Central Ontario Railway) work. He was present when Maybee with his

team fell through the old bridge at the rapids. In season he would deliver cordwood by sleigh for sale at Trenton where the thirty mile trip would be repaid in the case of softwood \$1.75 to \$2.00 per cord and hardwood \$2.50 to \$3.00 per cord. In his early teens he could also adroitly manage a team of oxen.

Squire and Yeoman

Sylvester (Ves.) Holden named after his father and grandfather was born on the 6th line of Huntingdon and first attended Holden's School a few rods east of the present structure. Cradled in Methodism he later became Treasurer of the Carmel "Church of the Prophets" and with Squire Frank Bailey was active in the restoration of the cemetery on the "Little Cemetery Road." He was always ready to lend a helping hand and on more than forty occasions acted as a pall bearer for a neighbour or kinsman. Mr. Holden is one of seven persons still alive, who attended the opening of Carmel Church in 1875.

Referring to driving, especially beset by hazards, he said scornfully there are many who cannot drive today without a highway to drive on. For ten seasons Mr. Holden travelled a pure bred Cydesdale stallion "Donald Denny" through these parts. Of Irish extraction he seemed to have

a "knack" of managing horses.

A Faithful Partner

On October 2nd fifty-seven years ago near Gilmour he married Emma Bertha Wilson, of that place whom he affectionately calls "Bert." She has been a grand wife and companion. Their union was blessed by the following children: Laura May, now Mrs. L. W. Hageman, of Belleville, Howard Leroy, of Napanee; Vernon Arthur, who died at 22 years of age; Clarice Gertrude, now Mrs. Arthur McConkey, of Coneseon; Dorothy Isabel, now Mrs. Ross Scott, of London, Ont., and Malcolm (Mac) Wilson, of Sarnia. There are nine grandchildren.

Live in Brooklyn

Mr. Holden has a keen and accurate memory. He lives quietly with his charming partner who has a "green finger" in Stirling's Brooklyn District. Were it not for his interest in living and the fine care bestowed upon him he would have been dead long ago.

The Holdens are the kind of people who make good neighbours living at peace with goodwill. They are not as able as in other days to attend the church they love but their interest is undiminished in the work of the Master.

Quiz Answers and Question

The answers to last week's quiz on

the Bible were first given by Mr. Thos. Kerr of the "Cedars," Gore St., Stirling. They may be found (1) Genesis 17:26; (2) Joshua 2:1-6.

Can you answer the question for Sunday, January 18th: "What was the name of the mother who hid her baby for three months?"

Icy Roads

Very good congregations braved the hazardous roads last Sunday. At St. Paul's Mrs. Wm. Wilkin's lovely soprano was heard in the solo parts of the well sung anthem, "O for a closer walk with God."

Mr. Meghan Rodgers has been appointed teacher of the Junior boys succeeding Mr. Ed. Richardson.

Special Prayers

Special prayers were offered at Carmel on behalf of Squire Frank Bailey of "Broadacres" who sustained painful injuries from a fall last Sunday week.

Sermon Notes

Sir John A. MacDonald was greater than the town he lived in. Wesley declared "the world is my Parish." There is no place in a Christian Society for the survival of dictators on any level of society, be it a village or a republic. One must seek to walk in the path of Him who said: "He that would be greatest among you shall be your servant."

St. John's Chancel Guild

St. John's Chancel Guild met at the Rectory for its annual meeting. Mrs. Edgar Morrow presided. The Rector opened with prayer, using the prayers so familiar to Chancel and Altar Guild everywhere. Mrs. E. Sallsbury, Sec. Treas., read the minutes of former meetings and gave a financial report, which showed a substantial balance.

Mrs. Morrow submitted the new Rota which is altered somewhat from last year giving those who had busy months then a change. The same officers were re-elected for 1953.

The Rector gave an address on the duties of members, stressing the importance of the week day services and urging the members to include those in their duties of the month. He thanked the Guild for the loyal work that had been done. Speaking on the subject of Symbolism, it was shown that the modern trend in non-Episcopal Churches is back to the desire for symbolism in worship. Pictures were shown of Sanctuaries in Free Churches of the U.S.A., whose furnishings were identical with those of the Episcopal Church. Having kept from the beginning this traditional symbolism, we should become more familiar

with the details and endeavour to learn more about the history and purpose of symbolism. Some symbols and their meaning were then studied.

The subject of flowers for the church was discussed and it was decided to get every month some person or persons to provide them. Grace was said and Mrs. Becker served refreshments.

Women Jurors Called For Assizes

For the first time in the history of the county, women will do jury duty at the next Assizes scheduled to commence at the county courthouse on January 19th.

Officials at the county sheriff's office said that 66 jury notices had gone out, five of them for women.

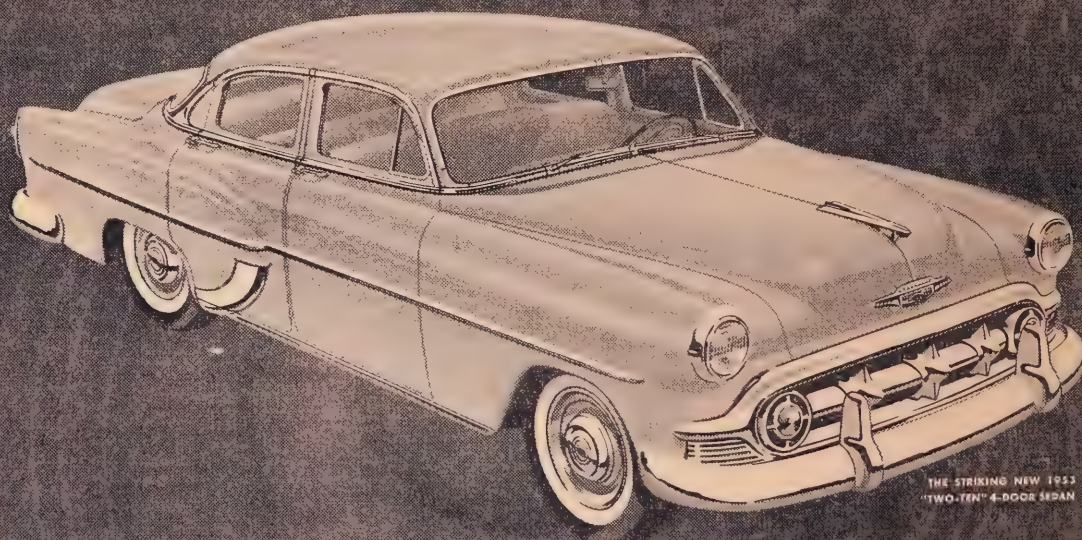

Three of the women called have declined but two have expressed their willingness to serve on a jury. One will serve on the grand jury and one on the petit jury.

The Assizes will be held before Mr. Justice Danis, who was recently appointed to the Bench. It will be the first court for Mr. Justice Danis at Belleville.

According to fresh data received through Dr. Harry Mack from Dept. of Lands and Forests and from the Archives it is presumed that Lewis Rosebush lived at Hubble Hill in 1796 or 1797 on Lot 18, Con. 3. On June 20th, 1797 the first settler of the Hubble family — Nehemiah (alias Myer Hubble) — was granted Lot 20, Con. 3, Rawdon, in recognition of his services in the Revolutionary War from 1776 to 1783. Soon after that he migrated to Rawdon from Ernestown. Five Hubble men (presumably all sons of Nehemiah the Loyalist) served in the war of 1812. Later there were many Hubble families hence the name "Hubble Hill."

Landmark At Campbellford Destroyed By Fire

One of Campbellford's oldest landmarks, known as Kier's Mill, was totally destroyed by fire on Wednesday of last week. The building was occupied by a farm implement dealer and the loss was believed heavy. The old grist mill was owned and operated by the late William Kier and was famous for apple cider in years gone by. It was run continuously for over a half a century. 7-1

U.S. Dairy Outlook For 1953

This year, U.S. dairy farmers seem likely to net about the same income that they cleared last year. Economists of the U.S. Department of Agriculture say prices of dairy products and cash received from marketings may run a little higher this year, but so will costs. Consumer demand will continue strong and milk production may go up a little.

Milk production in U.S. hasn't kept up with the increase in population. The number of milk cows has declined one-sixth since 1944. And the economists see no significant increase in milk cow numbers likely by the end of this year. On the other hand, cow numbers have held pretty steady for the past three years and haven't gone down much.

For the past seven years in U.S. production of milk per cow has gone up steadily. Last year the drought in many parts of the country limited pastures and feed and so lowered the average rate of production a little. With more nearly normal weather, the economists see four things likely to again bring about increases this year and the years immediately ahead.

First, dairy herd improvement associations are proving bulls and identifying superior milk producers; Second, artificial breeding associations are helping distribute high production among a greater number of milk cows. Third, farmers continue to feed concentrates at higher rates; Fourth, dairymen are growing better pastures and using improved roughages. These things help spell more milk per cow, and at least as much in total this year as in 1952.

Logging Season Is Well Underway Through Whole of Quinte District

The logging season is now well underway in the Quinte District and Department Scalers will be kept busy measuring logs during the next few weeks and inspecting cutting areas.

From summaries made by Chief Rangers Mulvihill at Dacre and Goodman at Bancroft, approximately 550 men are employed on bush operations in the two divisions at the present time. This is much the same as last year and is some indication that operations will be on as large a scale as in 1951-52 though considerable lumber from last year's cut still remains unsold.

Ninety-four Work Permits have been issued to date from the District Headquarters at Tweed, each being authority for a separate operation. In addition to larger camps on timber licenses, 65 Cutting Permits have been issued and, a number more will probably be authorized after inspections and estimates are made. Permit cutting is limited to small blocks of timber, having a maximum value of \$500 based on Government Dues, and unless special circumstances exist, confined to one year's operation.

While it could be nice to report that no illegal cutting has been spotted by Lands and Forests Rangers so far this fall, unfortunately this is not the case. In addition to investigating several trespasses, usually the result of negligence, Department Officials have had assistance from the Provincial Police in running down several offenders who apparently were well aware they were cutting crown timber. Given sufficient evidence appropriate charges will be laid under the Criminal Code, which covers the usual penalties for theft and seizure of the material taken.

St. Paul's Session Plans Meetings

At a meeting of St. Paul's Session held Sunday evening at the Parsonage steps were taken to further the observance of the Church Centennial Year which officially opens at high noon, May 24th.

Centennial Membership Roll
The Session has carefully revised the membership roll. This will be shortly published in the News-Argus and placed in the church for inspection. It is realized that there may be errors and omissions. None of these are intentional. Some names will be those of persons who have probably joined other churches without notifying the Clerk of Session.

Some one-time members have been placed on the "Absent Members Roll." It is desirable to publish in the Centennial Year Book a historic roll. All persons interested or affected are invited to check the roll carefully and advise their Elder or Mr. George Carlisle, Clerk of Session of any errors.

Special Meetings
Arrangements have been made for Rev. Gordon Hunter to conduct a week of special services commencing Quarter Day, June 14th. Mr. Hunter is a son of Rev. E. Crossley Hunter and a grandson of the great Evangelist of the Crossley and Hunter team.

Cottage Meetings
In preparation for this Mission a series of cottage meetings will be held each Wednesday commencing on April 8th, and continuing until June 3rd. These will be in charge of the Elders and will be arranged to serve every part of the Pastoral Charge.

Lent
The Season of Lent opens on Feb-

ruary 18th. It will be marked by a Call to Self-Denial and Holy Week Services. These will begin March 30th and close on Good Friday Morning. It is expected that a Confirmation Class will be held as in other years.

Great Festivals of Praise will be held on Palm Sunday evening, March 30th and Easter Day at 7.30 p.m.

Cheese Producers' Seek New Standard For Cheese

The Ontario Cheese Producers' Association decided last Thursday to ask the federal government to set up standards for a new type of cheese, one more suited to Canadian appetites.

The new-type cheese would be a Cheddar type, but softer and with a fair amount of Cheddar flavor. The cheese men believe this type would sell better than the regular Cheddar type now being manufactured.

The Cheddar type which has made Canadian cheese famous is mostly an export product going largely to Britain. However, dollar-short Britain is not able to import the large quantities of Canadian cheese she would like to.

The kind of cheese which Britons liked was hard and nippy. Most Canadians prefer a cheese softer and not as nippy, the producers said.

The producers will continue to manufacture the regular-type Cheddar in addition to the new type in the hope that the export market will be opened up again.

Horace Marjerison, of Glengarry, suggested that in the spring when cheese production is not at its best, calves be fed more milk. In this way,

he said, farmers could get a better return for their money than by sending the milk to cheese factories.

W. O. Coon, of Elgin, was re-elected president and H. C. Arnold, of Campbellford, vice-president.

River Valley Women's Institute

Mrs. Percy Utman was hostess for the January meeting of River Valley Women's Institute with over 30 members, 10 visitors and several children in attendance, despite the cold weather prevailing on Thursday, January 31st.

Mrs. Ed. Heasman conducted the usual opening exercises and Mrs. Ralph Utman presided at the piano for the assembly singing throughout the programme. Mrs. J. L. Donohoe gave the full financial report. Messages of thanks from Mrs. R. E. Gould and Mrs. H. Vandervoort on behalf of Robert were received. The President just recently delivered several cans of food to Trenton Memorial Hospital and a letter of thanks was read for that gift.

Scenic catendars received from our Sister Institute in Bristol, England, and published by the Somerset Federation of Women's Institutes, were distributed.

The Press Secretary read a message from Mrs. Mollie Mallard for box of jelly received December 19th. She also read greetings from Lady Cynthia Brooke, of Northern Ireland; greeting cards from England, a photograph from Ireland, a new picture of the Queen and the new English stamp were passed around the group.

It was decided not to rent the card tables but the plates and cups will be one cent each to outsiders and break-

ages to be replaced. Three card parties will be held on the following Friday evenings and January 30th is open if any member wishes to sponsor something different.

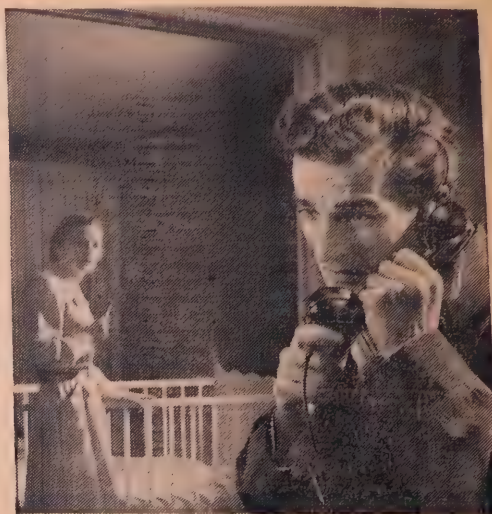

The roll call, "The most neighbourly thing that ever happened to me" gave a vivid picture of the vast and varied kindnesses of neighbours. Some kind person is always ready to give a helping hand in time of need.

Mrs. Sheldon McIntosh presided over the programme and read the Queen's message to her people, which stressed courage, understanding and tolerance. Mrs. Percy MacMullen read two poems, "The way to a Happy Year," by Robert Beattie, and "The New Year," by H. B. Anderson. Inquest Postponed

The inquest into the deaths of three young people, Francis Reid, Hallows; Robert Jones, Shannonsville; and Arthur Crossley, Belleville, which was scheduled to be heard last Thursday at the municipal hall, Tweed, has been postponed indefinitely. All three were killed in a head-on collision, south of Tweed, on No. 37 Highway, early in December. Date for the adjourned inquest has not been announced. Provincial police stated, that it was necessary to delay the hearing until a later date. Don Elvins who was the most seriously injured, left Belleville hospital last week.

World's Wheat Champion

If proof were needed of the value of the 4-H Club movement among Canadian boys and girls it could well be found in the junior grain clubs of the Drumheller district of Alberta. It is becoming almost commonplace for one of the club members to be crowned World's Wheat Champion at the Toronto Royal Winter Fair.

This year it was 19-year-old Ronald Leonhardt of the Drumheller 4-H Wheat Club who took the coveted title with his sample of Marquis wheat. Rick Sharp, 16, of the same Club, who won the title in 1950, took the Reserve Championship this year. In 1951 Howard Roppel of the Rockyford Club was the World's Wheat Champion.

Trenton Fire Storage Plant

Flames gutted the upper storey of the Central Cold Storage plant, Front St., Trenton, on Friday afternoon and fanned by a stiff wind, threatened to destroy the premises. Firemen battled for nearly three hours in freezing temperatures to control the outbreak.

It is believed that the fire originated in a pile of packing cases and paper. Most of the employees were out to lunch when the flames were seen.

The plant was filled with smoke when the fire brigade arrived. Over 300 feet of hose was laid and firemen entered the burning building from upstairs windows. Others hacked their way through corrugated iron to get at the blazing woodwork.

Employees dragged packing cases and apple barrels from the building as sparks threatened the ground floor. The plant is owned by Colin Crews, R.R. 1, Trenton, but is operated as a farmers' co-operative.

To those who want to get ahead

It's good to go into debt... to yourself

It's the streamlined way to make financial progress. Some of our most successful customers use this system. It's the very heart of Personal Planning—the B of M's method of family-financing which Canadians from coast to coast are finding practical and stimulating.

It means putting yourself on your own pay-roll... making up your mind that you yourself have a claim on your income just as much as the landlord, the butcher and the tax-collector.

You'll do this, of course, because you have a definite objective—a strong reason for saving. It may be a general goal like family security... or it may be something specific like a new refrigerator, a house, or even a place in the country.

You can go into debt to yourself in two ways—by saving and by borrowing.

Saving comes first, of course... so much a pay-day owing to yourself.

A bank balance gives you personal confidence as few other things can. It gives you a good foundation for your financial plans... and it makes it easier for your B of M manager to lend you money when you want to realize an objective sooner than you otherwise could.

When you have a sound financial program, but need money for some useful purpose, borrowing at the B of M is just as sound as systematic saving. Indeed, it is another form of saving. And it is the B of M's business to lend you money, when it's good business for you to borrow.

A B of M Personal Loan simply enables you to enjoy sooner the things you plan for... and you pay it off in regular instalments just as you have built up your savings balance.

Why not make up your mind to get what you want this streamlined way—and open your special-purpose savings account at "MY BANK" tomorrow. And while you're in the Bank, have a chat with the Manager or Accountant. You will find them ready and interested to discuss your plans and problems.

Two Sons Die In Crash Mother, Sister Injured

On the verge of collapse Dr. John D. Empson worked amid the wreckage of his family car last Monday night to remove the bodies of his two sons and ease the suffering of his wife and daughter.

Called to the scene of the accident a mile and a half from his home at shortly after 6 p.m., Dr. Empson arrived unaware that the victims were his own family.

Killed when the car plowed into a parked truck, half on and half off the highway, were Donald 10 and Douglas nine. Mrs. Emma Empson suffered concussion, a fractured pelvis and hip; Heather, four concussion and severe lacerations.

Mother and daughter are reported in fair condition in Belleville General Hospital.

Truck Had Blowout

Mrs. Empson had picked the two boys up at school in Roslin, near their home, and had driven them to Tweed for a haircut. They were returning home when the accident happened.

The truck, a stake body, loaded with

lumber and driven by John Haw, of Trenton, had pulled partly off the highway because of a blowout. Haw said he walked down the road to warn approaching traffic while Hilliard and Marvin Cooney, also of Trenton, got flares ready to put out.

Haw said he was about five truck lengths down the highway when he heard and saw the Empson car approaching. He waved his arms frantically as it passed him. Although police measurements showed Mrs. Empson applied the brakes about 100 feet back of the truck, Haw said the car hit the truck with terrific force.

The car engine broke into flames. Haw raced to the front of his truck, snatched a fire extinguisher and put the fire out within three minutes.

Haw and his companions, realizing the boys in the back seat were dead, were removing the injured when Dr. Empson arrived.

Dr. Empson, in a state of severe shock, removed his sons' bodies and put them on the shoulder of the road. Realizing they were dead, he turned his attention to his wife and daughter. He rode with them to Belleville Hospital in the ambulance and stayed by

Middleton took as his subject, "Noble Hungers" and said: We are living in troubled times, when the whole world is hungry. food but we are also in a very perilous position if the hunger in the world is not appeased. When we consider that in the Asiatic countries there are millions of people starving, we should feel a sense of urgency and act accordingly, remembering the words of Jesus' day, "Give ye them to eat."

It is important that women particularly sense the urgency to spread the spirit of Jesus, and the knowledge of God. If we can alleviate the hunger of the different peoples we can save off most of the perils of our day and help bring peace to the world.

Mrs. Elliott thanked the speaker for his fine address.

Local Dealer Gets Preview On New Low-Cost Baler

A private showing of New Holland's long-awaited low-cost automatic pick-up baler was attended by Mr. Russell Pyear, Mr. Bert Jones and Mr. Harry Philp, representing the local New Holland Authorized Dealer, Elliott's Farm Equipment.

The preview was held in Kingston on January 13th, where New Holland dealers got their first look at the Model 66. Engineers say this is the most compact baler ever built, especially for farmers with smaller hay acreages.

Just as soon as Elliott's Farm Equipment get their first Model 66 they plan to hold a public showing in their place of business. Introduction of the Model 66 will not be announced nationally until later, but details of the new baler were disclosed to New Holland dealers at the preview.

Some of the outstanding features are: Pre-compressed baling which increases capacity and handles hay more gently; low center of gravity for extra stability even on hilly hay fields; compact construction which permits easy operation and "bird's eye visibility" over the machine while in action; and complete operator con-

venience devices.

This newspaper will carry announcements of the first public display of the Model 66 in this community.

GOVERNMENT "GRANTS"

Too often those in responsibility get far too lax in administering the affairs of the Canadian taxpayer. Perhaps the Currie report will serve as a warning. —Hanna, Alta. Herald.

Items of Interest

(By Rev. A. E. Baker, U.E.)

A recent issue of the United Church Observer carried a picture of Gordon Holmes, of Langruth, Manitoba, who has ten years "Cross and Crown" attendance plus. He is Secretary Treas. of the Sunday School and recently entered the employ of the Royal Bank of Canada. He has not missed a Sunday in ten years.

Cannifton's Fine Record

Since the Methodist Union of 1833 only three persons have held the office of Recording Steward of the Cannifton United Church namely: Francis Brenton, 1876 to 1913; James Brenton 1913 to 1927, and Douglas C. Brenton, 1927 to 1931. This is truly an enviable record.

Centennial Year Book

Subscriptions for the Centennial Year Book are beginning to come in. The hope is to sell this book at \$1.50 per copy. This will be at less than half the actual cost and if the time of those compiling it were added even at a nominal charge per hour it could not be marketed for less than \$5.00 per copy.

However, the Centennial Committee aims to make it available at \$1.50 per copy. A great deal of volunteer work by Dr. Watt, Mr. and Mrs. R. A. Patterson, Miss Della Caldwell, Dr. Harry W. Mack, Mrs. Walter T. Elliott, Mrs. Carleton Wright, Harold Hagerman, Mrs. Roy Bush, X. P. Mayhew, C. E. MacKlin and others has made this possible. There will be no advertising included in the book. Our merchants will not be asked for special donations directly or indirectly. The good people of St. Paul's however are asked to contribute liberally to the Lenten Self Denial Appeal. A gift each day will go far to assist your Centennial Committee.

The \$64 Question

How many copies of the book should be printed? You can help the committee reach a decision by indicating your requirements or sending in your order now. It is hoped to have the material ready about the first of March. Proof read and ready for the press not later than Easter Sunday and available for general distribution by Centennial opening Sunday, May 24th.

Telephone Cable

While the Bell Telephone is spending millions in improving its services and equipment might not representations be made to put underground the heavy cable especially on Victoria and James Streets. It would not only be in the interest of safety but enhance the appearance of these streets.

Eric has returned from service in Korean waters on the tribal destroyer, "Iroquois." This warship suffered casualties in dead and wounded by enemy action before Eric left on regular leave. He has spent three years of his five year period of enlistment. We were honoured by his visit. It will serve to increase our interest in world affairs.

Mount Pleasant W.M.S.

On Wednesday, January 14th, Mrs. Roy Thrasher was hostess for the January meeting of Mount Pleasant Missionary Auxiliary. There were thirteen members, seven visitors and several children in attendance.

The new president, Mrs. Burton Sharpe, presided and the service opened with quiet music played by Mrs. Ross Hoard. The call to worship was based on "Another year has passed" and all sang, "Standing at the Portal." Mrs. Eric Summers read the Bible Lesson found in John and Hebrews and gave a devotional message based on the theme "Abraham going out to face the unknown." She closed with "In all thy ways acknowledge Him and He will direct thy path" and prayer. Mrs. Will McAdam and Mrs. Ira David sang, "God Will Take Care of You."

Rev. R. R. Bonsteel gave a brief address on "Advance" and installed the officers.

The 1932 reports were given. There were 6 life and 17 annual members on the roll, but early in the year two members were lost by death, Mrs. Charles Bonsteel and Mrs. Frank Smith. 164 members attended the 12 meetings and 75 adult visitors. Mrs.

Fall Fair Meeting

Eight hundred delegates representing 250 fall fairs, will assemble at the King Edward Hotel, Toronto, February 4, 5th and 6th for the fifty-third annual convention of the Ontario Association of Agricultural Societies. It was in 1792 that the first Agricultural Society was established at Niagara-on-the-Lake, but the Society holding the record for continuous operation is the St. Lawrence Valley (Williamstown Fair), organized in 1814.

Problems concerning the larger fairs, will be discussed on the first day with regular sessions for all society delegates beginning on the morning of the second day.

Among the items listed for joint session of men and women, is a debate on a resolution suggesting that too much stress is being placed on Midways and Horse Racing at Fairs. Participating in the debate will be Tory Gregg, Wingham and Mrs. Alex Anderson, Stratford for the affirmative, and Ray Wilson, Avonmore and Miss Charlotte McCullough, Georgetown, who will advance the negative argument.

LOCATED OPPOSITE ELLIOTT'S FARM EQUIPMENT

Hello Homemakers! A meal is half ready before you start when precooked or partially cooked foods are used. Such a wide variety of appetizing dishes can be prepared with a minimum of preparation.

When easy to prepare yet tasty foods are enjoyed to the last morsel the recipe should be pasted on a card for further reference. Perhaps you'll clip to-day's recipes now if your family's taste is anything like ours.

Meat Pie:

- 3 lbs. ground round steak
- 1 can vegetable soup
- 2 cups rice cereal
- 1 egg
- 1 cup chopped onion
- 1 tsp. salt
- 1 tsp. pepper

Mix all ingredients and put mix into a loaf pan. Bake in electric oven of 350 degs. for 1 hour. Serves 6 or 7.

Onion Pies:

- 1 pkg. pastry mix
- 3 cups small onions
- 3 tbsp. butter
- 1 1/2 tsp. bottled gravy
- 13 cups boiling water
- 1 tsp. salt
- 1-8 tsp. pepper
- 1 cup flour
- 3 cup grated cheese

Prepare dough of pastry mix. Line bottom and sides of 2 casseroles. Sauté onions in butter. Mix gravy and seasonings into hot water. Mix slowly into flour and onions. Pour into casseroles. Sprinkle each with grated cheese. Top with tag ends of pastry. Bake in electric oven of 400 degs. for 35 mins.

Celery-Pork Casserole:

- 1 pkg. precooked rice
- 1 1/2 cups water
- 1/4 tsp. salt
- 1 tsp. parsley
- 1 cup diced celery
- 1 can pork loaf
- 3 tbsp. onion
- 5 tbsp. dripping
- 2 1/2 cups buttermilk
- 1-8 tsp. dry mustard
- 1 tsp. Worcestershire

Mix rice, water, salt, dry parsley and celery well. Bring quickly to a boil, uncovered. Pluff rice gently with a fork. Cover and let stand 10 mins. Sauté cubed meat and onion in butter; add flour, then buttermilk and stir until thickened. Heap rice on platter and cover with creamed meat mixtures. Serves 5 or 6.

TAKE A TIP

1. Cookie mix should be stirred to a smooth batter to prevent mixture from spreading on the cookie sheet. Then too, chill the dough in the electric refrigerator for 15 or 20

mins. in the bowl or on the cookie sheet to prevent cookies from losing their shape.

3. When you add drained maraschino cherries to a cake mix, cut in halves and let dry half an hour before mixing the batter. Then, too, you may add 1/2 cup extra shortening to a mix if you are substituting a packaged material for a cherry pound cake recipe.

3. Be sure to cool cup cakes before removing the paper if cooked in baking cups, otherwise they may stick.

4. Chill prepared pastry mix in snugly wrapped wax paper or aluminum foil for about 20 minutes.

5. When breakfast cereals and crackers lack flavour or become soft spread them in a shallow baking pan and place in a pre-heated electric oven of 350 degrees for 10 to 15 minutes.

6. Add 1/4 tsp. of salad oil on top of a jar or tin of olives to prevent mould forming on top.

7. When you prepare two packages of flavored jelly powders to make a layered mold, do not grease the jar or tin of olives to prevent as soon as chilled to lukewarm.

8. An opened can of prepared soup may be stored in the refrigerator successfully. It is always wise to tie a piece of wax paper over the top or press foil over it to prevent evaporation of moisture.

9. When you blend two kinds of soup together, use cream soups together or combine others such as consommé and vegetable.

10. Cheese will not harden if kept in a small glass or porcelain covered jar in which two cubes of sugar have been stored.

11. Boxes of cake, cookie, and pastry mix should be stored in a cool, dry place. Use within a two-month period.

12. Check storage of canned goods at this time of year. It may be necessary to plug in a space heater for about 1/2 hour at night to keep food from freezing. When you do this, turn on the minute minder of the range and this will notify you to disconnect the electric element.

March of Dimes Campaign, 1953

Despite the fact that the Canadian March of Dimes spends large amounts of money for treatment, its program of relief for polio victims in Ontario does not end there. The Foundation considers that economic rehabilitation of polio victims in work compatible with their physical disabilities is equally important.

"It is the stated aim of the Foundation," said Dr. W. T. Mustard, Chairman of the Medical Advisory Committee, "to return all polios to as nearly normal a functioning level as possible; this accomplished, to help fit them for independent living if such is within their reach. Until this is accomplished, we cannot feel that the treatment picture is complete."

In paralytic polio, usually a functional re-training of involved muscles is undertaken to re-gain the maximum possible use. Where muscle function has been completely destroyed, sometimes alternate muscles can be transferred to take on a part of the lost function. Surgical fusion of the spine will remove much of the burden of supporting the trunk from weakened back muscles. Braces and supports of various types can be provided to protect or replace weakened muscles that can no longer support their own function.

Obviously however, a farmer reduced to partial use of his legs will have to forego many essential chores on his farm, just as a watchmaker whose hands have been affected by polio will not be able to carry out minute adjustments of his trade. Both will have to be trained for other work, or be eventually reduced to a ward of society. They do not want welfare — they want a chance to support themselves. The economic rehabilitation of a polio is essentially a part of his treatment. To spend March of Dimes funds on treatment and not follow through wherever possible and make the victim a useful member of society would be a waste of such funds and a breach of faith. Support this work through the March of Dimes, Box 10, Toronto, Ont.

we've put the mule out to pasture

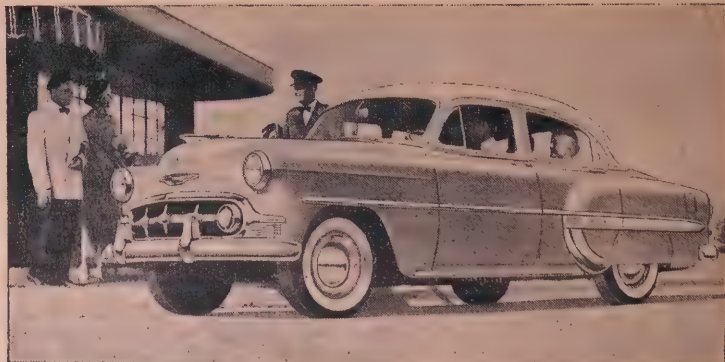

OLD TYPE SPINNING "MULE"

Once standard equipment in a cotton mill, the old spinning "mule" has long since gone by the board. Dominion Textile's manufacturing equipment is now among the most modern in the world. Machinery bought by our 7,239 shareholders (94.7 of them Canadians) help us to turn out top quality goods and provide jobs for the 12,500 Canadians working in our plants.

But equipment improvements, such as replacing the mule, aren't everything. We have our troubles trying to compete with the products of other countries which pay lower wages. In Japan and India, for instance, wages run about 15 cents an hour, while we pay well over a dollar an hour.

CANADIAN PLOWMEN ABROAD

by ROY SHAVER, Past President
ONTARIO
PLOWMEN'S ASSOCIATION

Douglas S. Reid

Algie Wallace

EDITOR'S NOTE:

Roy Shaver, of Finch, Ont., past president of Ontario Plowmen's Association, accompanied Douglas S. Reid, of Brampton, Ont., and Algie Wallace, of North Gower, Ont., Canada's champion plowmen, on their trip to the British Isles, Eire and France. This is the first of a series of five weekly articles he has written as team manager about their experiences and impressions.

It hardly seems possible that this is 1953 and it is two months since the three of us took off by air to start another Canadian plowmen's tour of the British Isles and to compete against European plowmen.

By the time we returned we had experienced our first "pea-souper" — the worst fog in London's recent history — visited Canadian war graves in France, seen some of the finest agricultural land in the world, and rubbed shoulders with, and spoken to, representatives of almost every nationality you can think of.

However, before I tell you more about the trip, I had better tell you something about us, and how we came to make the journey.

For the past seven years the grand prize of the Ontario Plowmen's Association annual International Plowing Match has been a gold medal and a trip to Europe for the champion horse and tractor plowmen, with all expenses paid by Imperial Oil. The prizes are offered for the winners of a special class known as the Esso Trans-Atlantic class.

The winners at last October's match held at Carp, near Ottawa, were 26-year-old Douglas S. Reid, of

Brampton, Ont., in the tractor class, and 35-year-old Algie Wallace, of North Gower, Ont., in the horse class.

Algie's win was a matter of great pride in eastern Ontario. He was the first plowman to bring a championship to the eastern counties in the 39-year history of the O.P.A.

Each year it is the custom of the O.P.A. to select a team-manager to accompany the plowmen. In addition to acting as manager, he also is the group's official chronicler and reporter. I consider it a great honor to have been chosen. I am a director and past president of the O.P.A., and have been a lifelong dairy farmer at Finch in Ontario's Stormont County.

You are probably wondering why we did not write while we were overseas. There are two reasons.

It has been the practice in past years for the winning plowmen to make their overseas visit in January and February, in time to participate in the Northern Ireland International Match at Belfast. This time the O.P.A. directors decided we should make our trip almost immediately after the international match and compete instead in the British National Ploughing match at Falkirk, Scotland. During the match there was to be a trial of a set of rules that had been proposed for international plowing competitions. The O.P.A. was anxious for Canadian plowmen to take part in this trial.

Leaving at that time also allowed me to sit in with J. D. Thomas, of Toronto, the O.P.A.'s special delegate, at the 11-nation conference at Stirling, Scotland, which decided to hold the first world plowing match in Can-

ada this fall.

However, the early November departure meant there was little time for preparation of many things, among them arrangements with weekly editors for publication of our letters to you. A quick poll taken among editors of our acquaintance showed they thought it would be better if we related our experiences after our return for publication after the Christmas rush.

So for the next few weeks we will try to recall for you the things that impressed us most and some of the wonderful people we met during the trip.

I think I can say without hesitation that the one thing that impressed us most, and certainly the thing that will live in my memory for a long time, was the amazing spirit of the people of England. Reading newspaper accounts and predictions of approaching national bankruptcy, scarcity of food and high taxes, we had expected to meet gloomy, disgruntled people. Though bomb damage still scars acres of London (we saw only one new building), the people we met never once mentioned the war, the high taxes which are even now still paying for that war, or the stringent rationing which is another holdover from those bleak years. Had we not known better we could have concluded there never had been a war or rationing.

It is easy to be generous when one has plenty, but it is quite a different matter to be generous on the meagre rations which Britons have put up with for the past 13 years. I can remember sitting down to tea in the dining room of a quaint oak-beamed house 400 years old. On the table were hot scones dripping with butter. The butter represented some two weeks' rations for our hosts, but that was a subject that was never discussed.

Don't misunderstand me. It isn't a mood of resignation. It is rather a spirit of "There's no use whining about all this. We went into it with our eyes open, so we'll see it through."

When we remembered some of the complaining and grouching that goes on over here, I think we all felt a little ashamed.

Together with this wonderful spirit was an extreme politeness on the part of the English. We met it through England. After the raring, tearing, "let's get there in a hurry" rudeness that, it seems to me, is so general here, it was as refreshing as a summer rain.

On the platform of London's St. Pancras Station our tall, white western-style hats, decorated with a maple leaf, revealed us as strangers. Within a few minutes six people approached us, smilingly said "Hallo," and asked if there was anything they could do for us. That sort of thing happened to us wherever we went.

Another thing that made a strong impression was the breathtaking beauty of the war graves I visited during a two-day trip we made to France. The cemeteries and graveyards of our soldiers who fell in the two world wars would stand comparison with the finest parks in the world. No monument could better show our gratitude than these acres of green grass, beautiful flowers and simple white crosses, that reveal the most loving and tender care.

I am afraid I have rambled a little in this first letter, but in those that follow I will trace our path through the British Isles and hope that you will get as much enjoyment from the telling as we did from the doing.

Entered Into Rest

JOHN L. BAILEY

Mount Pleasant United Church on the Rawdon Circuit was filled to capacity on Tuesday afternoon, January 20th, for the funeral of the last member of the old pioneers in the person of Mr. John L. Bailey, who at an early age attended the dedication of the church in June 1871. Deceased had served as an Elder in 1941 and was faithful to his church as long as health permitted.

Rev. R. R. Bonsteel conducted the service and gave a message of grateful thanks for the life of the deceased who had laboured for many years in both church and community and who was honoured and respected by all. The congregational hymns were "The Sands of Time" and "Abide With Me." Mrs. R. R. Bonsteel sang "The Lord's My Shepherd."

The bearers were all neighbours, Messrs. Wm. H. Scott, Ernest White, Raymond McConnell, Lorne White, John Morgan and Will Fleming.

Entombment was made in Mount Pleasant Cemetery.

Among those in attendance were Mr. and Mrs. Morley Bailey, Windsor; Mrs. Charles Bailey, Foxboro; Mr. and Mrs. Earl Rutan and Marie, of Kingston.

MRS. ANNIE FRENCH

The death occurred in Kingston on Tuesday, January 20th, of Mrs. Annie French, of Stirling. Mrs. French was in her 83rd year.

She was born in Stirling, the daughter of the late John Richardson and Charlotte Fleming. Her husband, John A. French, predeceased a number of years ago.

Mrs. French was a sister of the late George and John Richardson, well-known in the Stirling district. She is the last of her family. A number of nieces and nephews survive. She was a member of St. Paul's United Church, Stirling.

The funeral took place from the Duffin Funeral Parlours, Stirling, today. Interment in Stirling Cemetery.

Rev. F. W. Tyson Inducted At Ivanhoe

The impressive induction service of the United Church was held at Ivanhoe United Church on Friday evening, when members of Belleville Presbytery inducted the Rev. F. W. Tyson, M.A., formerly of Rock Island, Que., into the Pastorate of the Ivanhoe Circuit.

Rev. J. F. Lane, Madoc, was chairman, and also conducted the induction service. Rev. W. K. Pace, of Tweed, gave the sermon, basing his remarks from the text found in Act 17, 18th verse, "He preached unto them Jesus, and the Resurrection." There were no pulpits when this was written, but the preachers in the long ago felt God's power. Mr. Pace felt the pulpits should be more outspoken. The great need of the hour was the preaching on "Power and Resurrection and Jesus." Any preaching that does not exalt Christ is no preaching at all.

Rev. Kenneth Crawford, of Marmora, gave the address to the Minister and congregation. Mr. Crawford pointed out first the duties of a minister. He is to be first a good preacher; second, a priest; third a pastor or shepherd. He then outlined the duties of the congregation. The Session should be the minister's right hand men. Elders should assist in visitations, etc. The Stewards could make the work of the minister more pleasant if they would relieve him of all financial worry. In closing he urged all members to hold up ministers hands same as in olden days when Moses' hands were held up while he was praying.

Following the induction service in which both minister and congregation agreed to help one another, Mr. Ernest Saries as Recording Steward, spoke for the people.

Rev. Tyson addressed the congregation at the close, thanking all those who had assisted. He also pronounced the benediction.

Delegates were present from Minto, White Lake and Beulah, along with a few visitors. Mrs. Reg. Haggerty presided at the organ and Miss C. Haggerty, R.N., contributed a solo.

The ladies served lunch and Mr. and Mrs. Tyson were introduced to their future friends.

Mr. Tyson comes to Ivanhoe Circuit highly recommended. He has been in the ministry for 27 years. His family consists of two boys. He was a Chaplain in the army for a number of years.

Playing at the local arena on Monday night Stirling defeated Point Anne by the score of 7 to 6 in a Trent Valley League fixture. The visitors held a commanding lead at one point in the game but the homesters rallied to take the nod.

At Wellington last night the homesters defeated Stirling by a score of 6 to 2. The locals had only eight men in uniform and the fast pace set by the League leaders proved too much.

MIDGETS WON OVER BELLEVILLE

Stirling Midgets walloped Belleville at the local Arena last night by the score of 7 to 4 in a thrilling game. The homesters outplayed the visitors in the early part of the game and held a 5 to 0 lead at the end of the second period. The visitors outscored them 4 to 2 in the final stanza.

Next Games

Monday night, weather permitting, Sixardee, Trenton, will play Stirling at the local Arena in a Trent Valley League fixture. The locals, although off to a poor start in the League, are playing a good brand of hockey and will be out to better their position in this game.

High School Game Tonight

Tonight the local High School team will play hosts to Marmora at the local Arena. The puck will be faced at 8:15 and a good crowd is anticipated.

Plan Drive For Funds For Blind Persons' Service Centre

Objective of \$2500 Set For Village and Townships — Canvas Feb. 9th and 10th

At a meeting of the committee in charge of the drive for funds in aid of the new Quinte-St. Lawrence Home and Service Centre for the Blind, held Tuesday night, it was decided that a canvas of the Village be made similar to the one carried out on behalf of the Red Cross. Canvassers will call on all residents of the village and all organizations are asked to make a special donation to this very special cause.

The canvas will be made on Monday and Tuesday evenings, February 9th and 10th and it is hoped that with the co-operation of the entire village the task will be quickly completed.

A similar canvas will be carried out in the northern part of Sidney Township and in Rawdon Township.

In the meantime a great deal of help may be given the canvassers by leaving your donation at the following places, thus eliminating many calls: Geo. Noble's Drug Store, R. A. Patterson's Men's Wear, or Bank of Montreal. It is hoped that a great majority of residents will follow this method.

The Quinte-St. Lawrence Community Centre and Home for the Blind is to be built in Kingston and will provide residential care for those who need a home. It will afford ample space for instruction in touch reading, handicrafts, gainful occupations and welfare service for 404 blind Canadians in this area.

The citizens of Stirling and adjacent townships are being asked to subscribe \$2500 to assist in providing sufficient funds for this \$200,000 building campaign.

We urgently appeal for your most generous help by donation or pledge. Read thoroughly the enclosed pamphlet and give generously to one of the greatest of all causes — sharing with the blind.

Stirling W.L. Euchre Party

The third of a series of card parties now being held in the Stirling Community Hall on Monday nights was planned this week by the conveners Mrs. A. Lake, Mrs. J. Morrison, Mrs. S. McArthur and Mrs. C. Pryor.

The party was a success with eight tables of euchre being played. Ladies' high prize went to Mrs. S. Kirkey; men's high, Mr. Frank Wood; ladies' consolation, Ruth Tulloch; gent's second was tied for by Mrs. Stevenson and Mr. H. Rodgers with Mrs. Stevenson winning the draw. The lucky chair prize, a set of refrigerator bowls, was won by Mr. Geo. Sarles.

The prizes were donated by the conveners.

J. S. Whitehead, Local Confectioner Completes 25 Years In Business

Citizens of Stirling and district joined in extending congratulations to J. S. Whitehead, local confectioner, on Monday, when he observed the completion of twenty-five years in business here.

The occasion was marked by the free distribution of soft drinks, ice cream cones and novelties and over seven hundred friends and customers were treated by Mr. Whitehead and his staff. Several congratulatory messages were also received from wholesale firms and others.

Coming here from his native town of Campbellford, Mr. Whitehead was employed by the late Thos. Cranston for a time before purchasing the business in 1927. By strict attention to duty and hard work Mr. Whitehead developed his business until today it probably is the best known in the surrounding district. "Joe's," as it is commonly known, is the general meeting place for the younger folk of the village and district and from morning until late at night it's one of the most popular "spots" in town.

In addition to his business, Mr. Whitehead is interested in community affairs and for some years served as Village Councillor. His only son, Glen, now shares in the responsibilities of the business, while other members of the staff include Mrs. D. Ackers and Mrs. K. Johnston.

In Hospital

Friends of Mrs. Wm. C. West will be pleased to learn that she is progressing well towards a recovery, following an operation on Monday in Belleville General Hospital.

Officiated At Opening

Harry Morrow, of Stirling, Reeve of Sidney Township, officiated at the ribbon-cutting ceremonies in connection with the opening of the new Coca-Cola plant in Belleville on Monday.

Stirling's T.V.L. entry continued their winning ways at the local arena last night when they downed Trenton by a score of 3 to 1 in a thrilling encounter.

The two teams battled to a 1-1 tie in the first period, with Tanner, counting for Stirling early in the frame on an assist from Robson, and Jones from Beale scoring for the visitors at

Marmora High School Tied With Stirling

Marmora and Stirling High Schools fought each other to a stand-still last Thursday evening at the Stirling Arena. Hermiston scored the first goal in the 1st period, followed by one by Marmora's Jim Brooks. In the second period Hadley, Campbell and Hermiston each scored, while Tom Brooks scored one for Marmora. The second period was the spot where Stirling shone and the little boys from Marmora looked pretty blue.

The third period was when Stirling met its match. Hermiston scored one goal and the score stood 5-3 for Stirling; when suddenly Marmora made two separate and distinct goals, punctuated by malice of forethought, and the score stood 5-5.

In an exclusive press interview, Mr. Cross, our high school coach, stated, "Bah! We wuz robbed!" when he was asked about the Stirling collapse of defence.

The two outstanding players on the Stirling team were Ross Ray, goal, and Ray Hermiston, forward. Tom Brooks, Marmora, who scored three goals, deserves an honourable mention also.

A rather amusing incident (to the crowd, at least) occurred when Bob Bird unwittingly checked and flattened the referee from Marmora, Mr. Fred Stewart. Bob Anderson was also referee.

The next high school game will be played against Madoc at Madoc.

13.25.

Robson scored what proved to be the winning goal unassisted at 2:15 in the second period and Wright added the insurance marker on a pass from R. Mason at the two minute mark in the third, none of the goals was scored when the teams were short-handed.

Local High School Students Attend The World Youth Forum

(By Carl Hubel)

The students of Fourth and Fifth Form history class journeyed to Toronto last Saturday to witness the second World Youth Forum. At Massey Hall, cavernous and Victorian architecture, twenty-nine students between 17 and 18 years of age, were all gathered, talking over the present problems of the world. The World Youth Forum has set an example to an older and supposedly wiser generation.

Students and their teachers came from all over Ontario to see and hear the prize students from other countries. I doubt if anyone regretted it. The money which was taken in at the doors will be sent to Liberia to give the people there an education. This will be done through U.N.E.S.C.O.

The World Youth Forum was started in 1947 by the New York Herald-Tribune, as an experiment designed to bring students from overseas into close contact with the home and school life of American — and later Canadian — people of their own age, and thus to bring about closer understanding among young people of many countries, languages and races. Students have been picked every year since then from all over the world. Selection is based on scholarship, maturity, and ability to speak English.

The forum was opened by W. G. E. Howland, President of the Toronto Branch, of the United Nations Assoc. in Canada. J. D. MacFarlane, the Managing Editor of the Toronto Telegram spoke afterwards. The Telegram made the Youth Forum possible in Canada.

The delegates were then introduced by Mr. Michael Hind-Smith, Director of the Toronto Branch of the U.N.A. The South Korean delegate was given a tremendous ovation by the audience. There were three panel discussions. The first was, "How We Live and Learn." The second, "What Makes Your Country Tick." The third, "The World We Want."

Gordon Graydon, Q.C., M.P., was the guest member of the second panel whose moderator was Miss Byrne Hope Sanders, C.B.E. The moderator of the third panel was Joseph McCulley, and his guest member was the Hon. Paul Martin, Q.C., P.C., M.P., L.L.D., Minister of National Health and Welfare, leader of the delegation of Canada to the United Nations.

Friends Honour Mrs. Rebecca Sine

Ninetieth Anniversary Observed On Thursday Last — Several Gifts Presented

Some eighty friends and relatives from Stirling and vicinity gathered at the home of Mrs. Edith Murphy, Stirling, on Thursday, January 22nd, to honour Mrs. Rebecca Sine, the former's sister, on the occasion of her 90th birthday.

Mrs. Sine is well-known in the community as she has resided all her life in and near Stirling. Besides keeping house for her brother, Mr. C. M. Sine, with whom she lives, this youngster attends Bethel United Church quite regularly.

Mrs. Sine received many beautiful cards and gifts. Among these was a black floral housecoat of Bengaline silk, a glamour pin and a potted plant, all presented by the ladies of Bethel United Church. Her neighbours and friends of Stirling presented her with a lovely wine wool cardigan sweater. Congratulatory telegrams were received by Mrs. Sine from her 93 year old brother, Mr. Byron C. Sine, of St. Louis, Missouri, who visited here last summer and from her grand niece, Mrs. Frank Tummon (nee Nama Sine) of Alliston.

Mrs. Murphy greeted the guests, while Mrs. Sine's immediate relatives prepared and served dainty and tasty refreshments. They were assisted by Mrs. Clayton Tucker.

Out-of-town guests were present from Toronto, Belleville, Campbellford, Eldorado, Bayside and Trenton. Among these were five generations of Mrs. Sine's family — her son Karl, his daughter, Mrs. Kenneth Hagerman, her daughter, Mrs. Howard Sheppard and baby Bruce Sheppard.

which the delegates were telling the audience how their governments would, Canadian politics came into the limelight. The Canadian student said that he was proud to say, that except for the horses on the army payroll, there was little graft in Canadian politics. The crowd began to laugh. Immediately the Hon. Paul Martin jumped up and stated flatly that there were no horses on the payroll.

The delegate from the U.K., Miss Maureen Cleave, gave the impression that she knew what she was talking about and tactfully asked the delegate from Sweden, if Sweden was not being selfish when the subject of her neutrality came up.

The delegate from Korea had much to say, and his pleas for a better world brought repeated applause from the house. His forthright and intelligent opinions made an excellent impression on the audience.

During the discussions, the delegates had a chance to give their impressions of the Canadian and American peoples. One student said frankly that "the Canadians are the best people in the world."

The delegate from Pakistan, Mr. Abdul Aziz Khan, made a brilliant and most interesting speech, to sum up he said that he hoped that the world would benefit from the ideas that were expressed and from the example set by the youth of countries of the world.

Splendid Reports Presented At Mt. Pleasant Church Annual Meeting

The annual meeting of Mount Pleasant United Church congregation on the Rawdon Circuit was held at the Church on Thursday evening with an attendance of twenty-four. The pastor, Rev. R. R. Bonsteel, opened with a brief worship service.

Mr. Allen Reid gave his report of last year's annual and was appointed secretary for this meeting. There was \$1663.46 received by envelope for local funds and \$258.92 for missionary and maintenance fund. The expenses included \$44.00 to contingent fund, \$25 honorarium to pianist; \$30 for hydro; \$75 to Parsonage Board and \$75 for caretaking, with a good working balance.

The Sunday School receipts were over one hundred and fifty dollars and this hardly paid for their year's supplies. They have a balance of sixty dollars carried over from the previous year.

The W.M.S. remitted to the Presbyterian Treasurer \$233.80. The Mission Band remitted \$46.00; the Baby Band remitted \$30.00. The allocation for the three organizations was \$260 and it was exceeded by \$48.80. The allocation to the United Church Training School Building Fund was \$100 and this was exceeded by \$5.00.

The Young People's Union has a good bank balance.

The Two-By-Two Club reported proceeds from three-act play \$467.14; from Stirling Fair \$112.24 and catering to wedding anniversary \$40.00, and their total receipts were almost \$800. They purchased chairs for the hall at a cost of \$686. The Church Hall which needed considerable repair was given the proceeds from the 1952 sales at Hoard's and this with a few other items brought in around five hundred dollars. Close to three hundred dollars was spent in repairs and there is still some work to be completed. The choir reported a good bank balance.

The congregation received during the year a gift of \$2,000 from the estate of the late George Young. This was gratefully received and will be used for some special purpose at a later date, when it will be a permanent memorial to George and his parents, the late Mr. and Mrs. Frank Young, who resided at Mount Pleasant for many years.

Rawdon Parsonage Board took in over \$350 from the three appointments augmented by proceeds from the lawn social. The taxes and telephone account were almost \$180 and there was some decorating done and electric fixtures installed.

Mount Pleasant cemetery received a memorial gift of \$25 and realized from sale of plots \$40 and for perpetual upkeep \$48. The caretaking for the summer was \$45. A good balance is on hand.

The Contingent Fund on a basis of 30% Bethel, 30% Wellmans and 40% Mount Pleasant realized \$110 and this pays for Circuit envelopes, financial statements, church notices, Presbyterian dues, etc.

In the General Fund account the shares on salary for 1952 were Bethel \$840; Wellmans \$840; and Mt. Pleasant \$1120. All three appointments have given the Circuit treasurer extra and there is a total balance to carry on for the month of January.

Some discussion took place re placing the "Church Observer" in each home but no decision was made.

Mrs. Percy MacMullen asked to have the Church for a Baptist Commemorative Service in July in connection with Hubble Hill Cemetery and this was granted.

The money from Hoard's Sales in 1953 is to be used for the extra money needed to remodel the parsonage kitchen.

Keep A-Go!

If you strike a thorn or rose
Keep a-go!
If it hails or if it snows
Keep a-go!
Taint no use to sit and whine
When the fish aint on your line,
Bait your hook and keep on tryin'
Keep a-go!

When the weather kills your crop
Keep a-go!
When you tumble from the top
Keep a-go!

S'pose you're out o' every dime,
Gettin' broke aint any crime,
Tell the world you're feelin' prime,
Keep a-go!

When it looks like all is up,
Keep a-go!
Drain the sweetness from the crop,
Keep a-go!
See the wild birds on the wing;
Hear the bells that sweetly ring!
When you feel like singin' — Sing!
Keep a-go!

Hello Homemakers! Many of our readers write the kind of letters that bring back pleasant memories for us when we read "I remember Mother used to make..."

However, we do not realize that mothers have introduced us to our favourite flavours in the dishes served to us as toddlers and it has left a lasting impression. Today, women watch their spending on food more wisely and our dishes are usually not as rich in cream, extra vegetables and piled-high icings. Our simplified yet nutritive meals are all right for our mode of living, but if nostalgia has got you, prepare an old favourite occasionally just like mother used to do too.

Remember

1. Mother used to bake potatoes in the sand on top of the furnace.
2. Mother used to lift everything with the butcher knife, never used a lifter when she had one.
3. Mother removed hot things with a sock (past darning) stuffed in each pocket of a wide apron.
4. Mother used to whip eggs with a fork on a plate.
5. Mother used to make the coarse oatmeal porridge every night, and it was as thick as mashed potatoes!
6. Mother made enough meat loaf for Monday night to last for 3 suppers.
7. Mother made baked beans with lots of molasses and kept the bean pot covered until the last hour of the 6-hour cooking period.
8. Father always enjoyed a big hunk of cheese at the end of every meal.
9. Father had to throw out the rest of the cider at this time of year if it "turned."
10. Father had to close the outside door in a hurry in case a draft prevented the bread from rising.

Pork Chops

- 6 loin pork chops, cut double thickness
 - 2 cooking apples
 - 2 cooking onions
 - 2 stalks celery
 - 1½ tsp. salt
 - ½ tsp. pepper
 - ½ tsp. sage
- Cut a deep slash in the fat side of each chop. Core and dice apples (skin on), mince onions and celery and mix with seasoning. Fill each opening with as much stuffing as you can. (Do not skewer as bulged dressing takes on more flavour.) Place meat in baking dish, sprinkle with salt and pinch of sage. Cover and bake 1½ hours in electric oven of 350 degrees.

Grandma's Chocolate Pudding

- 2 ozs. (now 2 squares) chocolate
- 1 cup brown sugar
- 3 tbsps. cornstarch
- 1½ cups milk
- ½ cup heavy cream
- 1 egg, beaten
- 2 tbsps. butter
- Thick cream

Melt chocolate in double boiler. Stir sugar and cornstarch together and add slowly to chocolate. Lift pan from hot water. Combine milk and ½ cup cream and stir into chocolate mix very slowly. Place pan back over boiling water and cook until thick as custard. Remove pan from hot water and gradually beat in the whipped egg so that it does not curdle. Return to boiling water and cook 2 minutes more. Cool slightly. Serve with thick cream.

THE QUESTION BOX

Mrs. I. C. would like a recipe for Banana Cake like mother used to make.

Answer:

Banana Cake

- 1 cup sifted flour
- ½ tsp. baking powder
- ½ tsp. salt
- Grated rind, 1 lemon juice of ½ lemon
- 6 eggs
- 1 cup sugar

Separate eggs and beat yolks until thick. Gradually beat in sugar until fluffy. Stir in lemon juice. Take half of egg whites (that have been beaten, stiff but not dry) and fold lightly into sugar mixture. Next, fold in the sifted flour, baking powder and salt (that have been sifted twice together). Add remaining beaten whites alternately with flour. Do not beat. Pour batter into 2 ungreased 8 inch cake pans and bake in electric oven of 325 degrees for 50 minutes. Allow to cool in pans before turning out.

Filling: Scald 1½ cups milk over boiling water. Sift 1-3 cup sugar, 3 tbsps. flour, 1-8 tsp. salt together and stir in the hot milk gradually. Add a little of the hot mixture to 1 beaten egg and then combine egg into the sauce stirring quickly. Cook over boiling water for 15 minutes, then cool. Add 2 sliced bananas and 1 tsp. lemon juice. Cover one cake with the filling; cover with second cake and top with whipped cream.

Mrs. K. Mc asks: How long do you fry crullers and how much lard is required?

Answer: Put in frying kettle enough oil or lard to be 3 or 4 inches deep. You should not cook more than 5 or 6 at a time allowing 1 minute on 1 side and then turn and cook 1 or 2 minutes longer.

Mrs. J. B. asks: Why are doughnuts streaked with flour sometimes?

Answer: Usually white streaks in homemade doughnuts are the result of adding the flour all at once instead of gradually. Batter must be stirred until smooth. Then, too, we like to chill dough in electric refrigerator for 1 hour before rolling it out.

You did not deserve what you went through.

These words are written with deep regret.

By the one who loved you and will never forget.

Belleville Presby. W.M.S. Executive

The January executive meeting of the Belleville Presbytery of the Women's Missionary Society of the United Church of Canada met in the lovely new parlor of Bridge Street Church, Belleville, on Tuesday of last week with the President, Mrs. C. D. McLellan, Napanee, presiding. Mrs. McLellan also led in an appropriate devotional with Mrs. F. Mills, of Napanee, at the piano. Nineteen of the 24 officers were present and each one brought in very encouraging reports of the year's work as far as they had heard from various departmental secretaries.

Mrs. Ralph Silie, Halloway, Recording Secretary, read the minutes of the September executive which were adopted. Mrs. F. Mills, of Napanee, Treasurer reported that the Presbytery had exceeded its allocation of \$20,600, and the recommendation of using the "Gifts for Building Advance" toward a Mobile Unit for Korea and a Dormitory and equipment in the Means School, Angola, will be presented to the Presbytery annual meeting which has been set for March 25th in Holloway Street United Church, in Belleville. Mrs. Clarence Holmes, Corresponding Secretary, told of the very fine increases both in membership and the general work. She read letters from a number of departments; among them was one from the Missionary Monthly and World Friends suggesting that this name be changed to Secretary of Periodicals, this too will be brought before the annual meeting on March 25th. A letter of appreciation and good wishes was also read from the retiring General Secretary of the Dominion Board, Dr. Winifred Thomas, of Toronto, who has given leadership for over 20 years. This will be acknowledged by the Corresponding Secretary.

Mrs. Lincoln Elliott, Tweed, 1st Vice President of the Presbytery, expressed thanks and appreciation of the wonderful work done by the retiring officers of Presbytery, namely Mrs. Fred Bell, Literature Secretary; Mrs. W. B. May, Secretary of Mission Bands; Mrs. O. Bertrand, Secretary of Baby Bands; Mrs. R. N. Broad, President of the Madoc Section; Mrs. F. Montgomery, President of the Napanee Section; Mrs. F. Mills, Treasurer; and Mrs. Gordon Jarvis, Marmora, Secretary of Associate Members. These vacancies will all be filled through the Nominating Committee at the annual meeting on March 25th.

Mrs. Morley Davidson, Secretary of Mission Circles, gave a report indicative of the splendid fellowship and open discussion created at the Circle Rally with Miss Dorothy Young last October.

Mrs. Russell, Supply Secretary, would urge everyone to keep in mind the Overseas Relief Agency (150 Ossington Ave., Toronto), who require much clothing, clean and in good condition, bedding, children's wear and baby layettes. She has forwarded supplies to Western Canada, CARE, Port Workers at Halifax and several nearby home mission stations.

The Programme Committee met on Wednesday morning to plan for the Annual Meeting, theme of which will be "Enlistment, 1953." Mrs. C. Maxwell Loveys, Home Mission Executive Secretary, and the two new Missionaries from Belleville North area — Miss Florence Fee, R.N., and Miss Pearl Rice — will be guest speakers. The Rev. J. F. Lane, Chairman of M.E.M., Belleville Presbytery, was welcomed to the meeting and his assistance was appreciated.

Mrs. Charles Mooney, Napanee, Assistant Secretary of Mission Bands, expressed thanks to the ladies of Bridge Street for serving the executive a very delicious noonday meal. Appreciation is also expressed to the Board of that church for the comfortable and pleasant parlor loaned to the Presbytery for their executive meeting.

Radio Equipment Arriving For Coming Fire Season

With Lands and Forests Scalers still busy measuring timber on logging operations throughout the district, Fire Protection Officials are beginning to think about next April and the coming fire season. Antennae for the new radios to be installed in the District's 13 Lookout Towers, have already arrived in Tweed and the rest of the equipment is expected shortly. The new sets, from last season's experience in Northern Ontario, are considerably superior to the old models some of which were in use here in 1952.

Without speed in communication the best detective system in the world isn't much use and here's where first class two-way radio should pay dividends. They won't replace tele-

phone but without question will be a valuable supplement to the communication network in the Quinte District. In addition to the high frequency sets installed in Lookout Towers, medium wave equipment will be operated again in main headquarters at Tweed, Bancroft, Dacre and Plevna as well as a new station at Palmer Rapids.

CANADIAN PLOWMEN ABROAD

by ROY SHAVER, Past President
ONTARIO
PLOWMEN'S ASSOCIATION

Douglas S. Reid

Algie Wallace

EDITOR'S NOTE:

Roy Shaver, of Finch, Ont., past president of Ontario Plowmen's Association, accompanied Douglas S. Reid, of Brampton, Ont., and Algie Wallace, of North Gower, Ont., Canada's champion plowmen, on their trip to the British Isles, Eire and France. This is the second of a series of five weekly articles he has written as team manager about their experiences and impressions.

After a fast flight across the Atlantic from Montreal, we landed at Prestwick, Scotland, and our travels had really begun. We had already created a precedent as the first team of Ontario Plowmen's Association champions in seven years of Esso Trans-Atlantic trips to make the west east trip by air.

Normally we would have crossed by boat and returned by plane. However, the O.P.A. directors wanted my two companions, Algie Wallace, of North Gower, champion horse plowman, and Doug Reid, of Brampton, champion tractor plowman, to compete in the British Ploughing Association national match at Stirling, Scotland, early in November. They wished to have Canadians take part in a trial match which would test a set of rules that had been proposed for international plowing competition. We had to fly over there in time to allow for two days' practice.

Our headquarters for the time, we were in Scotland was the small spa town of Bridge of Allan, just outside Stirling. From it we sallied forth to visit the farm home of William Muirhead. Mr. Muirhead was vice-chairman of the British match. He lives in an area with the odd name of Foot o' Green, and he farms the land on which the battle of Bannockburn was fought. Not far from his house atop a small hill, stands a flagstaff marking the spot where Robert the Bruce stood to direct his victorious army.

The day of the plowing match was grey and melancholy. The Ochil Hills, Stirling Castle and the Wallace Monument formed a backdrop for the 300 acres on which the match was held. Around the secretary's tent the flags of eight nations hung limply from their masts. We saw for the first time, and I understand so did the Scots, the flag of West Germany. We were told that 166 plowmen from 10 countries, many of them national champions, competed, watched by more than 10,000 spectators. Scottish newspapers reported it as the largest plowing match ever held in the British Isles.

The soil was of the rich blackness that is so often found in low-lying river country. With the Firth of Forth flowing down to the North Sea from Stirlingshire, the type and quality of the soil was understandable. But what we did find strange was the rapidity with which the texture of the soil seemed to change over such a small area. Even within the 100 acres actually used for plowing it changed several times.

It is always nice to be able to come back with a trophy, and the fact that Doug and Algie did not this year is

no reflection on their plowing skill. In the first place Algie, a horse plowman, had to plow in a tractor class. Then an unfortunate series of circumstances got us off to a bad start, in fact, a late start. We understood our plows would be waiting for us at the plow ridges. When we arrived they were being serviced some distance away. We were also confused by the site directions — we probably got our dialects mixed. Consequently we started plowing almost 30 minutes late and the boys were unplugged in the field of 15.

From it all though, we learned one good lesson, which applies to all international matches and most certainly to the world match being held in Canada this year. Much of the confusion I am sure arose from the varying translations of the rules. That may sound strange when we were all speaking English, but if you examine it, it is not. Plowing terms used here differ from those used in Europe, and even where the terms are the same, there are different shades of meaning. When this can happen among English-speaking peoples, it is not hard to imagine the confusion which can, and did, arise among contestants speaking different languages.

The delegates to the international conference, held the day after the match, were quick to realize this and took steps to remedy the situation before next October's world tourney. A glossary of plowing terms is to be prepared in the language of each competing country, in an attempt to eliminate some of the ambiguities and differences in definitions.

While I was at the conference I could not help thinking of Prime Minister Louis St. Laurent at the closing banquet of the O.P.A. International match, when he said the plowman is "the real peacemaker." He said he saw the annual overseas trips of Canadian plowmen as a powerful weapon in the battle for peace, in that we are beating our swords back into plowshares and "where swords may not be able to pierce the Iron Curtain the plowshares we send overseas may well do so."

I am sure his heart would have been warmed had he been able to sit in on the conference. Representatives of 11 nations, each with their own country's interest at heart, sat down and, without acrimony, in two days, laid the foundation for the first world plowing match. Much of the credit for this I give to the chairman of the meeting. I have never attended a conference or meeting of any kind that was run more smoothly or efficiently than the general sessions of the first day. It was a meeting where national feelings could have flared, but when discussion showed signs of becoming heated, the chairman directed the delegates' enthusiasms into more constructive channels.

As you know by now, Canada's invitation to the world group was accepted by 10 votes to one, and the first world match will be held near Cobourg next fall, in conjunction with the O.P.A. International.

Perhaps the conference went so smoothly because all the delegates

had been mingling for days previously and had been friendly competitors the day before at the British match. Or perhaps too, it was the result of the banquet held the night before in Stirling's historic Golden Lion Hotel.

It was with no small sense of awe that we of British, and particularly Scots — I am one-quarter Scots — ancestry assembled in the Golden Lion, for it was here that Robert Burns spent many an hour musing and quenching his thirst. There was many a word tossed in the Golden Lion that night too, and I think some of them are worth repeating, for they show plowmen in other parts of the world think as we do, and that in fact, we are really all brothers under the skin.

President of the British Ploughing Association is the Rt. Hon. W. McNair Snadden, M.P., Joint Parliamentary Under-Secretary of State for Scotland. A true Scots gentleman and farmer is hidden beneath that onerous title. He said he felt that the B.P.A. had done a good job that day in strengthening the ties that bound those in the British Isles to the nations of the Commonwealth and Western Europe. "If anything has impressed us about this competition it is the international aspect of it," he said.

Pointing out that the world population was rising faster than the food production, he said that the principal weapon in the battle to keep the world fed was the plow. Plowing such as was seen that day required very great skill and judgment. Mr. Snadden remarked that horse lovers would have noted with pleasure that while there were more tractors than horses, most of the people were looking at the horses. He added with a chuckle, "You may also have noticed that the men behind the horses had

their sleeves rolled up, while the chaps on the tractors had their coats on." None laughed or applauded louder than Algie at this remark.

Another gentleman who impressed us all very much was Bengt Svensson, the secretary of the International Contact Committee of the Swedish Federation of Young Farmers' Clubs. He said, "In Scandinavia, we believe that international plowing competitions are a good thing. From them we will find a better way of plowing and so improve farming and the production of more food for the people of the world. Personally I also believe it is a good thing that the farmers of various countries should come together and make friends."

The roaring applause of the 410 plowmen present was a fitting Amen to Mr. Svensson's sentiments.

Winter Is Time To Repair Machinery

Delays arising from machinery repairs during seeding and harvest time often cause considerable crop losses. It is a good plan to overhaul machinery in the winter months as this gives plenty of time to order spare parts if such are necessary, or to have repairs done elsewhere which are beyond the capabilities of the farm work shop.

In overhauling machinery, all bearings, axles and similar parts subject to considerable wear should be taken apart and examined carefully. Any that are not likely to work well for another year should be replaced. Other parts should be thoroughly cleaned and examined, taking particular care to see that lubricating devices are working properly. Don't overlook the

implements which are used along with tractors such as ploughs, cultivator blades and discs. Sometimes these are so badly cracked or worn that they will not do an efficient job. Others may require sharpening to insure best results.

A reasonable number of well chosen implements all kept in first class working condition will do better work than many implements or machines in indifferent working order.

It was a worrying time . . . when it should have been a happy one. The stork was flying our way, but we didn't have the money needed to welcome our new baby. After going over our finances for the umpteenth time, we decided there was nothing for it but to cash our bonds. There had been too many 'surprise' expenses.

Luckily for us, our B of M manager had other ideas. "Here's a real chance for you to save, and you're missing it," he smiled.

"Save? At a time like this?" we nearly shouted. "It's not as hard as you think," he said, "... quite a few of my customers do it."

"First, you have to plan yourself a budget . . . You need a road map, if you're to know where you're going with your money. Here's a little booklet called 'Personal Planning'. Read it carefully. It shows you how to work out your own way of getting ahead,

financially—and how to save regularly from now on."

"But how can we save in our present pickle?" I asked him.

"Borrow against your bonds," he said. "You've got a steady job. After all, if you cash your bonds now, you'll have the money you need, but you won't have any savings left. If you use your bonds to borrow, you get them back by paying off your loan instalments. In other words, you're saving your savings. This is one of the times when borrowing is really saving."

Our story has a happy ending, because our financial worries went out of the window before the stork

flew in. Yes, our baby had a happy welcome. We paid back the loan. Now, we still have our bonds, we're living on a budget suited to our needs and aims, AND we're saving regularly.
